Salud Family Health Centers SMILES Consent
Columbine Permission Form

Columbine and Salud Family Health Centers will be providing preventative dental services throughout the school year**. All children are eligible** to receive these dental services regardless of their dental insurance/Medicaid. If the child has Medicaid, CHP+, or Delta Dental insurance Salud will bill these programs for services provided. Salud is waiving the copays for these services due to the burden of collecting copays from children in a school setting. **Families will not be billed for these services.** As a health center, we are required to ask about income levels. All information is confidential. Children will have their teeth and gums checked for potential problems and parents will be informed if a child has any cavities or needs further treatment by a dentist.

When electing to participate in this program, your child will be seen at his/her school by a Registered Dental Hygienist. The dental hygienist may provide some or all of the services listed below and communicate with a dentist through a computer about your child's teeth and gums. The dentist will review the information gathered by the dental hygienist (x-rays, dental history, photos, etc.) and will develop a recommended treatment plan.

I give permission for the dental hygienist to provide some or all of the following services for my child:* ☐ Yes ☐ No
**Due to COVID-19 outbreak, some services listed below will be postponed until 2021*

- Complete Dental Exam
- X-rays
- Teeth Cleaning
