Oakland Schools Technical Campus **Southwest** • 1000 Beck Road, Wixom, MI 48393 • 248.668.5600

Oakland Technical Early College is an extended high school program. Beginning in the 11th grade students have the opportunity to work toward an associate degree related to the technical program the student is taking at OSTC. Oakland Schools Technical Campuses partner with Oakland Community College to bring Early College opportunities to our campuses. In 11th and 12th grades, students take college courses along with their home high school and OSTC coursework. Students attend Oakland Community College full time during an added 13th year, potentially earning both an associate degree and high school diploma. **There is a separate application process to enroll in this program.**

OSTC Programs involved with Oakland Schools Technical Early College for 2019-2020:
