

Heights Career Tech

The Direction of Possible

Dear Heights Career Tech Consortium Families:

The Heights Career Tech Consortium is a five-school district group that shares Career Tech courses. The participating school districts are: Cleveland Heights-University Heights, Bedford, Maple Heights, Shaker Heights, and Warrensville Heights.

We cordially invite scholars, parents, and community members in these districts to our Career Day on **Thursday, November 15, 6:00 pm – 8:00 p.m.** in the Heights High Competition Gym, 13263 Cedar Road, Cleveland Heights.

The Heights Career Tech programs offer 23 programs with professional certifications, industry-recognized credentials, and college credits. See the back of this paper for a complete list of the courses.

The Career Day event is an opportunity to learn more about our Career & Technical Education programs and how these provide a foundation for college and careers.

We look forward to seeing you!

Byron Hopkins
