

# Chinle Unified School District #24

2022-23

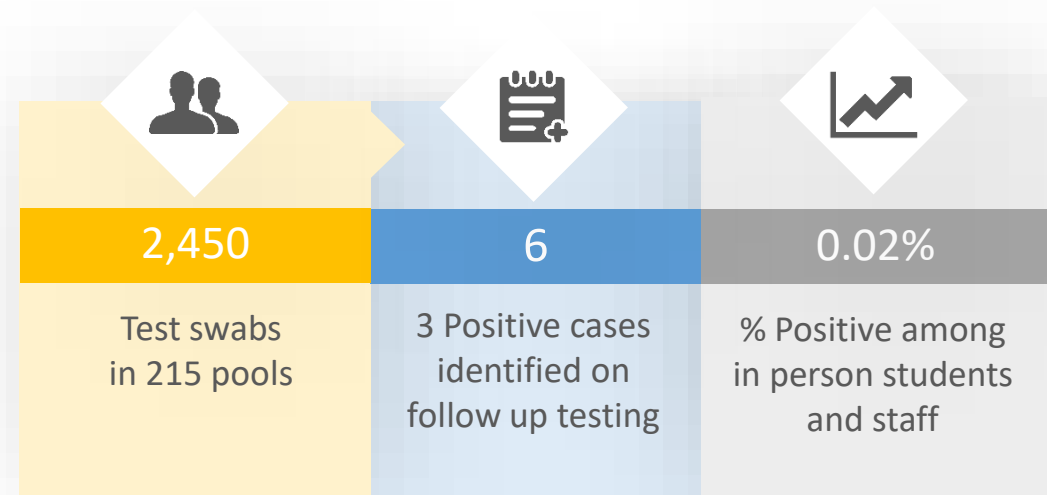

## COVID-19 Dashboard

Week Ending September 2, 2022

The purpose of this data is to provide our Chinle Unified School District families and staff with a transparent summary of:

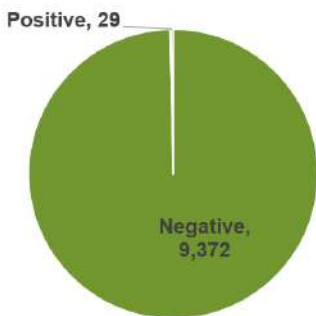

- The number and percentage of students and staff who have been reported to us as having tested positive for COVID-19 for the week. *Know that individuals who are reported to test positive are excluded from participation in any in-person/on-campus activity until we can verify that the individual meets return criteria set by local health authorities.*
- We are showing a summary of the results of our COVID-19 pooled test screening program

### Weekly Pooled Test Results

% Positive August 8, 2022 - Present  
Swabs to Rapid Tests

Number Positive Swabs to Negative Swabs  
August 8, 2022 to Present

*"Before states and districts can fully help students recover from the pandemic, disruptions to learning must end. Burbio reports 1,282 school closures since the start of the 2021-22 school year."  
- From McKinsey & Company, December 2021  
Report: COVID-19 and education:  
An emerging K-shaped recovery*

*CUSD #24 has remained open throughout the 2022 school year due to our ability to maintain low COVID positivity rates*
