

Grade 9-12

Distance Learning Module 10: Week of: 6/8/2020- 6/12/2020

Architectural Design - Modified from [Unit 1 - The Proposal](#)

Targeted Goals from Stage 1: Desired Results

Content Knowledge:

- A floor plan is a scaled diagram showing locations, sizes, materials and components contained within a given structure.
- View orientations of a structure can be manipulated to better show the purpose and/or aesthetic values to a given client.
- The underlying purpose of Construction Documents is to document and convey design intent such that construction is in keeping with it.

Skills: Create a scale and dimensioned floor plan using a computer aided drafting software.

Expectation: Students will demonstrate their learning and understanding of key knowledge and skill from Unit 1 & 2 by completing the Unit 2 Performance Based Assessment PBA.

Description of Task (s):	Resources and Materials:	Daily Checks(Return to Google Classroom or snapshots from a cell phone)
Monday: Work on Unit 2 PBA. Will be due on: Monday, June 15, 2020.	-Unit 2 PBA: Final Approval	-Partial class meeting to answer any questions and/or concerns. - recorded for student resource
Tuesday: Work on Unit 2 PBA.		-Partial class meeting to answer any questions and/or concerns. - recorded for student resource
Wednesday: Work on Unit 2 PBA.		
Thursday: Work on Unit 2 PBA.		-Partial class meeting to answer any questions and/or concerns. - recorded for student resource
Friday: Work on Unit 2 PBA.		-Complete and submit Unit 1 PBA in portfolio format (See criteria within PBA)

Week criteria for success (attach student checklists or rubrics):

Supportive resources and tutorials for the week (plans for re-teaching):
