Elementary School

Students in **Ms. Christopher's class** are excited to be reading the book, Holes. They've been working hard on a unit in Social Studies on Colonial America, and are getting closer to earning their group goal for Accepting Consequences.

Ms. DeMattia's class is working on recognizing the random acts of kindness by adding a ring to their paper chain every time they spot one! They're focusing on improving their conversation skills, and exploring the many books of Dr. Seuss.

Ms. Fini's class earned an ice cream party for completing the CMTs, and is currently working on taking responsibility for their actions to earn a cooking activity. They've wrapped up their Social Studies unit on the American Revolution, and a Science unit of the Solar System and phases of the moon.

Ms. Lombardi's class is going on a field trip to Bounce-U, and just completed a unit and class project on American Culture.

Ms. Misiak's class is studying motion and speed in Science. They just finished The Witches by Roald Dahl (class read aloud), and started the Flat Stanley Series which they'll tie into geography for social studies. Their class earned ice cream sundaes for completing the CMTs, and is still working towards their SODA group goal-they're almost there!

Ms. Pontbriant's class has just finished a project in science. Each student made a report about the sun. Several students have used *Glogster* to make virtual posters that include graphics, movies and graphics.
