In the event of extreme weather conditions, the Superintendent may choose to close or delay the opening of school. Classes will not be held, buses will not run or both may be delayed for two (2) hours depending upon road conditions and forecasted weather. Although employees will be contacted through our automative system and the phone tree, in the event of school closure, employees should listen to local radio stations.

Daily Bulletin Items

Each day the front office will email all staff a Daily Bulletin. This bulletin contains information on events for the day and the upcoming week. The bulletin will be delivered by 9:00 AM each day. It is the teacher's responsibility to review the bulletin every day and to make any announcements that may be in the bulletin for student information. If you would like something put in the Daily Bulletin, please have it to Karol no later than 8:15 AM to be included in that day's edition.

Committees and Extra Duty

From time to time committees may need to be established to carry out important functions of the District. The Superintendent is responsible for the creation of administrative committees.

Extra Duty assignments generally come with additional compensation. These may include such responsibilities as interscholastic activities, after school activities and clubs. The Superintendent is responsible for the appointment of staff to perform extra duty activities and the selection of staff members to fulfill these duties will be based upon the experience and expertise in the specific activity. All staff members who are interested in an extra duty will **be required to turn in a letter of interest**. If no teacher volunteers, the Superintendent may appoint staff members to sponsor the activity.

- An opportunity for a conference shall follow each formal observation-visitation.
- A written record shall be made of each formal observation, with a copy to the observed.

Exceptions to the above paragraph may be granted by the Board when it is deemed to be in the best interest of the District. The current assignment of close relatives, although such may be in conflict with this policy at the time of its adoption, may be continued if deemed in the best interest of the District.

Complaint/Grievance Procedure

It is the policy of the district that all complaints and grievances of its employees be solved as expeditiously and fairly as possible and at the lowest possible level of mediation. It is to be understood by all that complaints and grievances are to be considered as a normal happening in any functioning organization and that in no case should an individual feel threatened or be intimidated by having considered that one should be so filed.

Before filing a formal written grievance, the grievant must attempt to resolve the matter by on (1) or more informal conferences with the immediate supervisor. The first of these informal conferences must be conducted within ten (10) days after the employee knew, or should have known of the act or omission giving rise to the grievance. A second or any subsequent conference must occur within five (5) days after the initial informal conference, or any subsequent conference.

An expedient procedure shall be used when grievances are presented. A grievance shall mean a complaint by the employee that there has been a misrepresentation or misapplication of personnel policies, which directly affects the employee. A grievance must be initiated within thirty (30) days from the time the employee knew or should have known of its occurrence.

The grievance procedure shall be as follows:

Level I: Within fifteen (15) days after the employee knew, or should have known, of the act or omission giving rise to the grievance, the grievant must present the grievance in writing to the immediate supervisor. The grievance shall be a clear, concise statement of the circumstances giving rise to the grievance, a citation of the specific article, section, and paragraph of the policy or regulation that directly and specifically governs the employee's terms and conditions of employment that are alleged to have been violated, the decision rendered at the informal conference, and the specific remedy sought.

The immediate supervisor shall communicate a decision to the employee in writing within five (5) days after receiving the grievance.

Within the above time limits either party may request a personal conference to attempt to resolve the matter.

Level II: In the event the grievant is not satisfied with the decision at Level I, the decision may be appealed to the Superintendent within five (5) days after receipt of the decision.

The appeal shall include a copy of the original grievance the decision rendered and a clear concise statement of the reasons for the appeal. The Superintendent shall communicate a decision within five (5) days after receiving the appeal. Either the grievant or the Superintendent may request a personal conference within the above time limits.

Level III: If the grievant is not satisfied with the decision at Level II, the grievant may, within five (5) days, submit and appeal in writing to the Superintendent for consideration by the Governing Board.

For more details, see Governing Board Policy GSK and Regulation GBK-R

Transfers

The District encourages the upward mobility of all personnel and will provide information about available job openings that may provide promotions or jobs of greater satisfaction for interested personnel. A district transfer request form can be obtained from Human Resources or on the website www.vesd.k12.az.us. This does not preclude the Superintendent from exercising his prerogative of moving staff within the confines of the building for purposes of curriculum and/or instructional improvement.

Leaves and Absences (Absent Without Leave)

An employee shall be deemed “absent without leave” when absent from work because of:

- A reason that conforms to a policy currently in effect but the maximum days provided for in that policy will be exceeded; or
- A reason that does not conform to any policy currently in effect; or
- Failure to report to work without prior notification to the District Administrator.

In no case shall an employee be compensated for time lost due to being absent without leave. An employee who is absent from work without prior approval is subject to disciplinary action, as is one who was unable to obtain prior approval due to unusual circumstances and such approval is denied upon the employee’s return.

Directions for Reporting Unexpected Absence

All employees must report if they leave work or will not be able to report to their job. Absence should be reported to your supervisor during normal work hours or by phoning Superintendent during the evening or early morning hours. For emergencies your supervisor must be contacted. In

accordance with Policy GCC, the employee must submit a leave form within 48 hours of returning from leave. Failure to submit the required form will result in a dock (unpaid leave) for the period of time in which the employee was absent.

Undifferentiated Leave

Undifferentiated leave for certificated and support staff is a designated amount of compensated leave that is to be granted to an employee member for personal business reasons, personal illness, family illness, injury, or quarantine.

Each full-time employee shall be credited with an undifferentiated leave allowance at the appropriate following rate:

Twelve (12)-month employment	Twelve (12) days annually
Eleven (11)-month employment	Eleven (11) days annually
Ten (10)-month employment	Ten (10) days annually

For more information on Undifferentiated Leave refer to Governing Board Policy GCCA.

Earned Paid sick Time

Earned paid sick time for District staff is a designated amount of compensated leave that is to be granted to a staff member who for the purposes outlined in A.R.S. §[23-373](#) (A), is unable to perform the duties assigned. Family, for purpose of earned paid sick time, shall include all relationships as defined in A.R.S. §[23-371](#)(H).

Each staff member shall be credited with an earned paid sick time allowance at the rate of (1) hour per every thirty (30) hours worked up to a maximum accrual of forty (40) hours per year. Each staff member shall be allowed to use up to forty (40) hours per year. Earned paid sick time may be used in quarter (1/4) increments.

Staff members hired after July 1, 2020, are required to wait ninety (90) calendar days after commencing employment before using accrued earned paid sick time.

Unused earned paid sick time shall be carried to the following year.

Upon a staff member's termination, resignation, retirement or other separation from employment, unused earned paid sick time will be forfeited.

When a staff member exhausts all days of accumulated earned paid sick time, an unpaid leave of absence must be requested, pursuant District policy.

When the use of earned paid sick time is foreseeable the staff member shall make a good faith effort to provide notice of the need for such time to the District in advance of the use of the earned paid sick time and shall make a reasonable effort to schedule the use of the earned paid sick time in a manner that does not unduly disrupt the operations of the District.

For earned paid sick time of three (3) or more consecutive work days, the staff member is required to provide reasonable documentation that the earned paid sick time has been used for purposes covered by this policy. In the event of unforeseeable use of earned paid sick time, the staff member must contact their supervisor by the beginning of the regularly scheduled work day. Exception to the rule will be made in sole discretion of the Superintendent based on showing a good cause.

Vacation Policy GDD

All regular twelve (12) month support staff employees shall earn ten (10) paid vacation days per year with an accumulated maximum of fifteen (15) days, at which time no more vacation can be earned. As accumulated vacation days are used and drop below fifteen (15) days, an eligible employee may again accumulate vacation up to the maximum limit. Upon termination, eligible employees may be paid fifteen (15) days of vacation. Vacations shall be taken as approved by the District Administrator.

Employees shall be entitled to all legal holidays during the school year as announced by the District Administrator and in conformance with Arizona Revised Statutes. Uncompensated days off will be established by the school calendar.

Scheduling of vacation days must be in advance and will take into account service requirements of the school system. Employees will take vacations when, in the judgment of the supervisor of the department, the work permits. All vacation requests must be approved by the supervisor and submitted to the District office for verification of vacation days due.

An employee may carry over the balance of the previous year's earned vacation to the following year up to a total of 15 days.

If, before receiving the vacation to which entitled, an employee is dismissed (except for reason of misconduct), laid off, resigns, retires, or deceases while under contract the employee will be paid in lieu of vacation; provided, however, that in the case of resignation of an employee with less than one year of service, vacation pay allowance will be prorated (Policy GDD).

Civic/Legal Leave

Employees shall be granted civic leave when summoned to jury duty or other mandatory government summons. Only an employee on jury duty may receive the regular salary. It is the responsibility of the employee to reimburse the District for jury duty pay (not including mileage) when such payment is made directly to the employee. Failure to reimburse the District at the completion of the jury duty service will result in a full deduction equal to the number of contract days missed. An employee excused from jury duty shall report to their regular duties as soon as possible. Failure to report for duty will result in a deduction equal to that portion of a contract day missed [A.R.S. 21-236].

The employee must fill out a leave request form **AND** furnish the District Office with a copy of the "Notice of Jury Duty" **PRIOR** to the date of said duty if notified by mail. If notified by phone, the employee **MUST** fill out a leave request form **AND** furnish proof of duty from the court. If the employee does not receive compensation for the first day of jury duty, verification of attendance from the court **MUST** be furnished to the District Office.

If an employee is a defendant or litigant in court proceedings, (s)he must apply for personal leave.

Sabbatical Leave

Sabbatical leaves of absence may be authorized by the Board of Governors to teaching personnel when it deems such leave to be reasonable and for good cause and not detrimental to education within the school district. Sabbatical leaves may not exceed a period of one year and up to one-half salary may be granted to those taking such approved leaves. Please refer to Board Policy for complete details.

Family and Medical Leave Act of 1993

The FMLA entitles eligible employees of coverage employers to take unpaid, job protected leave for specified family and medical reasons with continuation of group health insurance coverage under the same terms and conditions as if the employee had not taken leave. Eligible employees are entitled to

- Twelve workweeks of leave in a 12-month period for:
 - The birth of a child and to care for the newborn child within one year of birth.
 - The placement with the employee of a child for adoption or foster care and to care for the newly placed child within one year.
 - To care for the employee's spouse, child, or parent who has a serious health condition.
 - A serious health condition that makes the employee unable to perform the essential functions of his or her job.
 - Any qualifying exigency arising out of the fact that the employee's spouse, son, daughter, or parent is a covered military member on "covered active duty" or
- Twenty-six workweeks of leave during a single 12-month period to care for a covered service member with a serious injury or illness if the eligible employee is the service members spouse, son, daughter, parent, or next of kin (military caregiver leave).

The employee may be required to provide advance leave notice and medical certification. The employee ordinarily must provide 30 days' notice when the leave is "foreseeable." An employer may require medical certification to support a request for leave because of a serious health condition and may require a fitness for duty report to return to work.

Certain job benefits are protected and most employees will be restored to their original or equivalent position with equivalent pay and benefits.

Per policy GCCC; The District shall require the repayment of any health care premiums paid by the District for continuing coverage during the period of the FMLA leave if the employee fails to return to work after the FMLA leave expires and the failure to return is not due to circumstances beyond the employee's control.

Notices, explaining the Act's provisions, are posted at each school, in the district office, food service and maintenance/transportation departments. Additional information may be obtained by contacting the nearest office of the Wage and Hour Division, listed in most telephone directories under U.S. Government, Department of Labor.

If you are planning on using FMLA or requesting a leave of absence, please communicate with superintendent to request (planning packet and authorization form).

Leave requests for planned absences must be submitted at least 48 hours prior to the day(s) the employee plans to be absent. Please make sure you have accumulated leave before submitting a request.

In situation where an unplanned (sickness, etc.) absence occurs, and a substitute teacher is needed, the employee will call the superintendent as soon as possible so classroom coverage can be arranged. Employees with unplanned absences are required to immediately submit a leave request upon their return to work.

The required procedure for employees requesting planned absences is as follows:

Support Staff

1. Submit a leave request to their immediate supervisor;
2. Supervisor submits leave request to Human Resources for Superintendent's final approval/disapproval.

Teachers

1. Submit a leave request to Human Resources so a substitute can be arranged.
2. Human Resources will submit request to Superintendent for final approval/disapproval.

After approval, all requests will be submitted to payroll for processing. **If adequate classroom coverage cannot be obtained, leave may be cancelled.**

Equal Opportunity

The Vernon Elementary School District is committed to the fundamental policy of providing equal opportunity in all areas of recruitment, selection, retention, promotion and affirms that there shall be no discrimination against any persons because of race, creed, age, color, sex, physical handicap, religion or national origin.

The District shall seek the best-qualified applicants for each vacant position, regardless of race, color, national origin or sex. Title IX Coordinator for the District is the Superintendent.

HEALTH, SAFETY AND BUILDING SECURITY

Health

All employees must maintain a current immunization record with the Human Resources dept. VESD offers employees the option to receive the HEP B shot at no cost to them. Please see Human Resources for more information on required/optional immunizations.

Safety

No electric appliances will be allowed in the classroom unless there is a medical need.

No candles, flames, or aromatic electronic devices will be allowed on campus do to safety concerns and possible allergies. All employees are responsible for maintaining a safe working environment.

If you observe a safety hazard, please report it to the Front Office immediately. The safety of our students and staff is our utmost priority. For training purposes, the District will conduct monthly fire drills and other “Disaster/Safety” drills throughout the year. Please see the Superintendent.

Building Security

During the school day all doors to the building will remain locked. Entry to the school will be through the District Office side door only and all visitors must sign in. If you observe non-school personnel around the campus without a visible visitor tag report it to the Front Office immediately. Please park on the side of the school. No one will be permitted to park in the back of the school due to safety concerns. When entering and leaving the school after hours the gates must be locked, make sure the lock is placed in the center hole of the lock device.

VESD Emergency Procedures

What is an Emergency?

- A. A duly proclaimed existence of conditions of disaster or extreme peril to the safety of persons or property caused by air pollution, fire, flood or floodwater, storm, epidemic, riot, earthquake, intruder or other causes. This may be beyond the control of the services, personnel, equipment and facilities of the site and or district and require the combined efforts of the State or other political subdivisions. School district facilities must be prepared to respond to an emergency or traumatic event in an organized and timely manner so that students and staff can continue to function effectively without additional trauma or the development of additional emergencies.
- B. School district emergencies can be small and easily managed, or they can be large and difficult to manage. Every school district emergency must be managed in a way that ensures the safety of everyone involved. In order to provide a safe and secure teaching and learning environment, personnel must plan for the management of emergency events that cannot be predicted or prevented. The District has developed a plan is designed to help you do that.

Purpose:

- A. To effectively handle an emergency, a comprehensive Emergency Operations Site Plan must be developed and an Emergency Response Team must be organized before an emergency occurs. Our school’s Emergency Operations Plan must be organized and all staff members trained in order to effectively prepare for maximum safety, efficiency and communication in the event of an emergency.
- B. The Incident Command System (ICS) will be used to manage all emergencies that occur within the district. We encourage the use of ICS to perform non-emergency tasks to promote familiarity with the system. All district and site personnel will be trained in ICS.

- C. Students and parents must also understand that contingency preparation and procedures are necessary and are conducted for their safety and well-being.
- D. Planning, preparation, and training will help staff personnel learn the proper course of action in an emergency. The manual will provide step-by-step guidelines to help deal with emergencies that may occur. The manual cannot foresee all possible circumstances of an emergency. Staff must be prepared to evaluate all the circumstances and make sound judgments based on the situation.
- E. A committee will be established consisting of local law enforcement, fire/EMS, emergency management, and site personnel to develop the Emergency Operations Plan. The committee should consist of site staff from the following disciplines at a minimum:

Administrator	Transportation
Office/Classroom support staff	Teacher
Facilities/Maintenance	Medical Responders

- F. This plan shall be reviewed annually by the above committee and updated to maintain up to date procedures.
- G. Drills will be conducted periodically to test the effectiveness of the plan. A debriefing shall be conducted after each drill to receive feedback from all participants on the effectiveness of the plan.

During a Disaster

The greatest mistake Administrators, teachers, and staff make in crisis come from not knowing what steps to take and in what order in any given situation. Planning, training, and drills will help prevent those mistakes. In a crisis it helps to know where to turn for help. The manual provides specific sequential steps to take. These steps are guidelines to inform you of the most likely steps to take. The most likely incidents have been addressed to help you in an emergency. It is critical to evaluate the circumstances and determine the most appropriate course of action when an actual emergency occurs.

EACH EMPLOYEE MUST REVIEW AND FAMILIARIZE THEMSELVES WITH THE VESD EMERGENCY RESPONSE PLAN.

STUDENTS AND INSTRUCTION

Planning, Prep and Lesson Plans

Plan and prep added as well as answering the following questions. We will meet periodically to ensure fidelity to school-wide 90 day plans.

1. What do we want students to know and learn?
2. How will we know if they have learned it?
3. What will we do if they don't learn?

4. How will we respond if they already know it? (gifted)

The daily and monthly meetings will be guided by the following six principles:

- Principle 1 – Common mission, vision and goals.
- Principle 2 – Ensuring achievement for **all students**: creating systems for prevention and intervention.
- Principle 3 – Collaborative teaming focused on teaching and learning.
- Principle 4 – Using data to guide decision making and continuous improvement.
- Principle 5 – Gaining active engagement from family and community.
- Principle 6 – Building sustainable leadership capacity.

Response to Intervention

Certified personnel and designated support staff will be mandated to maintain a Response to Intervention binder. The binder is a tool to ensure all students' needs are met. The TRI binder will be in line with the school Improvement Plan, Teacher Evaluation, and Incentive that include criteria such as 301 Classroom Site Fund.

P.A.W.S

Teachers will follow the Behavior Expectation Matrix and the PAWS plan for success. The PAWS plan includes reminding students of their need to apply four expectations of **Persevere**, **Accountability**, **Wisdom** and **Success**. Students will be reminded to review the four steps when at the specific setting.

Step 1: **Access** prior knowledge of **P.A.W.S** for specific settings.

Step 2: **Identify** **P.A.W.S** behaviors for specific settings.

Step 3: **Model** **P.A.W.S** behaviors for specific settings.

- **PERSEVERE** to overcome obstacles
- Learn personal **ACCOUNTABILITY**
- Have the **WISDOM** to inspire others
- Focus on **SUCCESS**

Step 4: **Review** **P.A.W.S** expectations for specific settings.

Student Incentive Program

Students will have the opportunity to earn P.A.W.S. tickets. One copy goes home to the parent/guardian to indicate the positive behaviors, one ticket goes into the weekly P.A.W.S. drawing, and the last ticket is used to purchase items in our P.A.W.S. Store. (Add)

It is the administration's desire that students develop an intrinsic value for education. However, we also realize students need extrinsic motivation as well. We are also aware that extrinsic motivation works well with students who are already motivated to learn, but those who are not external rewards are often viewed as unreachable and have little meaning for those at that end of the spectrum. Our goal with the extended school day and Friday school program is to provide them with a foundation so that extrinsic motivation is more meaningful. For those students we must build a ladder of success for them to climb. The Student Incentive Program is designed to provide them with opportunities that would not otherwise be available to them based on grades alone. Students who meet the requirements of the Student Incentive Program will have the opportunity to participate in activities as well as a monthly activity, provided they have no disciplinary infraction.

- Million Word Challenge – The Librarian will keep a record of all books read by a student to be included in Million Word Challenge. A chart will be placed in the hallway showing the success of our best readers and the opportunity to attend a school movie.
- Bench Mark Challenge – Students who meet the benchmark or show significant growth in the core subject areas will be recognized with a certificate and a school movie.
- Student of the Month – Students who excel in citizenship through teacher nomination will be recognized by the superintendent and a plaque placed in the office.
- Perfect Attendance/Good Attendance – Students who have perfect attendance or miss no more than one day for the quarter will receive a certificate and an opportunity to attend a school movie.
- Honor Roll - Award with criteria of citizenship, attendance and effort – Students with a grade point average of 3.0 or better will receive a certificate and a school movie.
- Superintendent's Honor Roll – Students with a grade point average of 3.5 or better will receive a certificate and a school movie.
- Future Educator's Award – Each quarter a student will be recognized through teacher nomination for the Award based upon evidence showing extraordinary leadership. The student will receive the "Principal Tie" and a certificate
- Positive Behavior Tickets – Students are given "Positive Behavior Tickets" by school staff. Students place the ticket in the Lottery Box. At the end of each quarter, names will be drawn from the box and the students will be awarded a prize. The more tickets in the box, the more chances!

Awards

Each teacher is responsible to submit awards at to the Superintendent at the end of the semester. The office will order award certificates. Please keep the number of awards to a level that is meaningful.

Textbook and Supplemental Material Selection

Textbooks and supplementary books for the common school recommended by textbook selection committees will be placed on display in the District Office for a period of at least sixty (60) days prior to the meeting at which the Governing Board will consider their adoption.

Textbook selection committees shall be guided by the following:

- Resources shall be recommended to support and enrich the school curriculum and to meet the personal needs of the students.
- Resources that are recommended shall be appropriate for the subject area and for the age, emotional development, ability level, learning styles, and social development of students for whom the materials are selected.
- Resources that are recommended shall provide a background of information that will motivate students to examine their own attitudes and behavior, to comprehend their duties, responsibilities, rights and privileges as participating citizens in our society, and to make intelligent judgments in their daily lives.
- Resources that are recommended shall provide information on differing sides of issues so that users may develop the practice of critical analysis.
- Resources shall be recommended for the atypical student as well as for the average student.
- Resources shall be recommended for their strengths rather than rejected for their weaknesses, and shall be judged as a whole.
- Recommendations shall support and be consistent with general education goals of the District and goals and objectives of specific courses.

Student Assessments

All students will take State mandated testing in the spring. The Arizona Department of Education will announce the dates for testing.

Student Grading System

Our grading system is based on the following areas:

- 4 - HP - Highly Proficient = 86-100%**
- 3 - P – Proficient = 76-85%**
- 2 - PP – Partially Proficient = 61-75%**
- 1 - MP – Minimally Proficient = 0-60%**

Parent/Teacher conferences will be held twice during the school year, although teachers or parents may request a conference at any time concerning grades. Teachers should explain their grading system to each of their classes. It must be based on the scale above.

- ❖ Teachers must mark grades clearly. If tests weigh more than other assignments, students must know in advance.
- ❖ Assignments must be provided for students who are legitimately absent any time upon parental request. Students are responsible for collecting and turning in missed work within two days of the absence.

Homework

The development of study skills and self-discipline are integral and indispensable elements of a quality educational process. Homework should be assigned consistent with the maturity, special needs, and potential and achievement level of the individual student. It should not carry the stigma of punishment. Its assignment should be specifically addressed to the objectives of the instructional program and in addition students should develop responsibility for actively pursuing knowledge without immediate supervision outside as well as within the classroom.

Students, regardless of their intellectual capacity, should understand that mastery of skills is not always possible within the time constraints of the classroom. Each student should leave the District with a firm foundation for pursuing knowledge and developing skills on an independent basis.

The District Administrator is responsible for procedures that will achieve objectives through homework, including, but not limited to, the following:

- Intervention that changes deficient performance to performance that meets acceptable standards.
- Reinforcement and mastery of critical skills and concepts. Special emphasis will be placed on the mastery of basic skills.
- Challenge through exploration of concepts and skills that complement and elaborate those introduced in the classroom
- Feedback from the teacher through correction and clarification of all outside assignments.

Move on when Reading

The District shall provide an annual written notification to parents or guardians of students in kindergarten programs and first (1st), second (2nd), and third (3rd) grades that a student who obtains a score on the reading portion of the Arizona Statewide assessment for English Language Arts and Mathematics (AZMERIT) test or a successor test, that demonstrates the student is reading far below the third (3rd) grade level will not be promoted from the third (3rd) grade. If the student's school has determined that the student is substantially deficient in reading before the end of grade three (3), the District shall provide to the parent or guardian of that student a separate written notification of the reading deficiency that includes the following information:

- A description of the current reading services provided to the student.
- A description of the available supplemental instructional services and supporting programs that are designed to remediate reading deficiencies.
- Parental/Guardian strategies to assist the student to attain reading proficiency.
- A description of the District policies on midyear promotion to a higher grade.

Attendance – Schoolmaster

All teachers must accurately record absences and tardies in Schoolmaster after 5 minutes have elapsed into the class period. If students come to class 5 minutes late, send them to the office for a tardy slip. When you have a substitute, print class lists from your Schoolmaster grade book. Substitutes will take attendance on these lists and send them to the office. Students arriving 5 minutes late to school first hour must report to the office.

Cumulative Records

Cumulative records are kept in the principal's office and are available to teachers for their information and guidance. **These records are confidential records and are not to be taken out of the office.**

Gradebook and Class Records

Each teacher is required to keep accurate class records on Schoolmaster. A gradebook for each class must be set up in Schoolmaster and grades entered in a timely fashion. In order to communicate with parents effectively concerning their student's academic performance, teachers will be expected to grade and record assignments on Schoolmaster in a timely manner. Teachers will have grades entered into Schoolmaster no later than two weeks into every quarter. Both progress reports (mid-quarter) and the Parent Portal will be utilized to communicate student progress with parents. Students and parents must be informed of their grades on a continual basis for each subject. The following information will be recorded: student's name, absences, tardies, daily grades, test grades and final grades.

Report Cards

Report cards will be mailed on the Monday following the end of each 9-week grading period. Teachers must have quarter grades posted to grade cards in Schoolmaster not later than Thursday on the end of the quarter date.

Evaluation of Pupil's Work

Individual teachers may vary in their methods of evaluation, but it is important that the students be informed as to how their work will be evaluated. Should a controversy arise over a grade, the teacher must have adequate records to show how the grade was determined.

Progress Reports

Progress Reports will be sent home with students every two weeks. Teachers are responsible to send home these reports for all students. This helps keep parents informed on their child's academic and behavioral progress. These reports are to be kept as a record of parental involvement.

Student Handbooks

Teachers will read and review the entire student handbook with their Home Room class the first week of school. Students will be given the opportunity to read and clarify any questions they may have concerning student conduct and expectations. Students and Teachers must sign the Acknowledgment Form and return this page to the office. This will be kept on file while students attend our school.

Classroom Management

It is the philosophy of the administration and staff that all school personnel must work hard at developing good teacher to student relationships and be proactive in their management of student

behavior. High expectations, calm and caring management practices should be used consistently. To this end, that faculty and administration have developed a school-wide discipline plan to assist teachers in the task of classroom discipline. It is based on the following assumptions:

- Teachers who repeatedly and ineffectively respond to misbehavior spend less time on instruction.
- The distractions created by misbehavior within the classroom make it difficult for students to be attentive to instruction.
- Teachers who are unable to maintain classroom discipline are often frustrated and negative.
- Some discipline problems reach the office that could have been handled more effectively by the classroom teacher had a discipline plan existed.
- Many behavior problems can be prevented when all teachers communicate consistent expectations to students and follow a similar intervention plan when students, teachers, parents and administrators understand their responsibilities and reinforce each other's efforts.
- A code of conduct removes some hard decisions from teachers about being too hard or too soft and defuses the "us" verses "them" atmosphere in the classroom.
- A consistent approach to discipline is easily communicated to parents and generally evokes a supportive attitude from them.
- Recent research on effective schools concludes that achievement is higher and delinquency less common in schools where discipline is based on expectations set by the entire school rather than left to individual teachers to work out for themselves.

Expectations for appropriate behavior in your classroom must be in writing. One copy shall be provided for the Superintendent. One copy shall also be posted in a prominent place in your classroom. On the first day of classes, the teacher shall go over the expectations with their students to explain, answer questions and get feedback.

Disciplinary Procedures: An effective teacher is capable of handling routine disciplinary matters without the need for referral to the administration. Teachers should immediately refer students to the administration for infractions involving alcohol, arson, bomb threats, drugs, emergency alarms, theft, assault, tobacco, vandalism, skipping class and weapons. The teacher through their discipline ladder should handle other disciplinary matters. This ladder must have steps that increase in the severity of disciplinary action as a student's infractions increase. This ladder should include student conferences, parent phone calls, parent conferences, detention and other appropriate disciplinary actions. All actions regarding students discipline must be documented on the Schoolmaster portal under guidance. Stage two and stage three discipline referrals must have appropriate paperwork sent with the student when being referred to the administration. A log of parental/guardian contact must be kept to verify your communication with parent/guardians regarding disciplinary and academic concerns.

Bus Duty

This duty includes both morning and afternoon responsibilities. During the morning, teachers should be on duty at 7:25 a.m. and stay until 7:50 a.m. making sure students exit the buses in an orderly and safe manner. During the afternoon, teachers are to walk their students to the bus and make sure all students board the buses safely.

Hall Duty and Passes

Teachers are responsible for the conduct of students in their classrooms and in its immediate vicinity. Hallway activity is as much the responsibility of all teachers as is room activity. **Staff members should be at the door during passing periods to supervise the hallway.** During school hours' teachers are expected to assume the responsibility for handling situations involving student misconduct wherever they occur.

Students will not be in the halls without a properly signed hall pass. Teachers should monitor daily the number of passes given to students. Students should rarely need to go to the bathroom during class time. However, should the urgency arise, sending more than one student at a time to the bathroom is not a good practice. Keep in mind; students are in the classroom to learn. When they leave your classroom for reasons that could have been done at some other time, students are not learning. Some students are well aware of this fact and will use any opportunity to get out of the classroom. Before you issue any pass, first determine the urgency of the need. Not an urgent matter, NO pass.

Field Trips

Field trips must be of educational value and planned well in advance according to field trip booking procedures. Teachers are responsible for making sure all field trips are properly planned. Not having registration fees paid, meals, funding etc., will result in the trip and future trips not being approved. Approval for the proposed field trip must be obtained before any field trip can be planned. Overnight field trips must be approved by the school board.

School Ceremonies and Observances

The following shall be adhered to regarding required opening exercises and school programs as they pertain to customs and holidays:

- Each student shall be provided with an opportunity to participate in the Pledge of Allegiance or other patriotic observance each day.
- Each student in grades four (4) through eight (8) shall recite the following passage from the Declaration of Independence:

“We hold these truths to be self-evident, that all men are created equal, that they are endowed by their creator with certain unalienable rights that among these are life, liberty and the pursuit of happiness. That to secure these rights, governments are instituted among men, deriving their just powers from the consent of the governed.”

- When special days or significant events are recognized, it is recommended that appropriate classroom and assembly programs be presented in keeping with the traditional and historical significance of the event or season.

Classroom Interruptions

It will be the responsibility of the District Administrator to limit the clerical duties of classroom teachers as much as possible and to reduce, to a minimum, interruptions of classroom programs. Teachers should not be called out of their classrooms for telephone calls, salespersons, or by

visitors. Exceptions may be made in emergencies. The classroom setting shall not be interrupted by the use of the interschool communication system unless authorized by the District Administrator.

To optimize and increase communication between school and home, telephones have been made available to you in your room. Telephones should be used in a professional manner to enhance learning. Personal long distance calls may not be charged to the school district.

Personal cell phones often lead to classroom interruptions as well. Phones must remain OFF (not silent) and concealed during instructional time. During instructional time teachers are not to receive, make or otherwise use their phone for texting, messaging and social networking.

Guest Speakers

Guest speakers may be used as a valuable educational resource. Before allowing guest presenters, the host teacher must request the Superintendent's permission by filling out a "Guest Presenter" form.

Permission to View Movie

Any movie should be approved by the Superintendent **five (5) days in advance**. Fill out the appropriate request form and turn it into the Superintendent. Pass out Parent Permission Slips to students, if necessary. Teachers should keep the permission slips on file. Any student requesting not to see the movie, or who did not bring back a permission slip, must be accommodated with an alternate assignment. Only movies rated "G" or "PG" or "PG 13" should be considered. Students should not handle DVD or TV equipment. Teachers should restrict use of the DVD.

Student Athletics

Each student-athlete must present the "Permission to Participate in Athletics" form and have a current physical on file with the Coaches and the Front Office. Coaches will be provided the Emergency Information Sheet for each student participating. Coaches should have this information at all practices and games. Practices will be determined according to sport schedule and an activity bus will take the students home after practice. There is no student activity bus after scheduled games and all parents will be responsible for picking up their student at the allotted time. Athletes are to travel to and from away games with the team. Students must meet eligibility requirements of the state of Arizona and the eligibility criteria can be reviewed in VESD policy manual section JJJ.

Teachers will keep the eligibility lists and notify the Coach of any ineligibility. Teachers will keep all forms on file. Coaches will establish rules for sports conduct; to include practices and games. At the athletic events, students will have the opportunity for fundraising by selling concessions and sports related t-shirts etc., providing the fundraising has been approved by the Board.

Pupil Participation in Extra Curricular Activities

The eligibility guidelines which can be found in Policy JJJ are applicable to the following after school activities:

- Athletics

- Student Council
- Other activities that involve students as representatives of the school or District

Eligibility shall be based on the cumulative work at the end of each two (2) week period. The eligibility criterion for extracurricular participation shall be a passing grade in all classes in which the student is enrolled, and the student shall maintain progress towards promotion. Before a student is declared ineligible, there must be a two-week period of pending ineligibility followed by a subsequent week of failure to pass all classes on a cumulative basis.

The guidelines are mandatory for all grades and will be enforced by the teacher of each grade level.

Mandatory Reporting of Child Abuse/Neglect

A.R.S. 13-3620 requires: “Any...nurse...teacher...counselor or other employees of the School District or any other person having responsibility for the care or treatment of children whose observation or examination of any minor discloses reasonable grounds to believe that a minor is or has been the victim of injury, sexual abuse pursuant to section 13-1406....[this includes an extensive listing of possible signs of abuse & neglect]....shall immediately report or cause reports to be made of this information to a peace officer or to the Department of Child Safety in the Department of Economic Security office., and are required to turn in documentation to the superintendent. Reports shall be made forthwith by telephone or in person forthwith and shall be followed by a written report within seventy-two hours.... The law continues to define in length requirements of reporting.”

The full text of A.R.S. 13-3620 can be reviewed at the following website: www.azleg.state.az.us/ars. All school personnel should be aware of this requirement for reporting suspected abuse and/or neglect. Principals in each school and Directors will have a procedure for employees to follow when reporting.

Rehabilitation Act (Section 504)

Section 504 is an Act which prohibits discrimination against persons with a disability in any program receiving Federal financial assistance. If you have questions regarding the Rehabilitation Act, please feel free to contact Amy Nelson, the Section 504 coordinator for Vernon Elementary School District.

The school district has specific responsibilities under the Act, which include the responsibility to identify, evaluate and if the child is determined to be eligible under Section 504, to afford access to appropriate educational services.

The Family Educational Rights and Privacy Act (**FERPA**) also specifies rights related to educational records. This act gives the parent or guardian the right to:

- Inspect and review his/her child's educational records;
- make copies of these records;
- receive a list of all individuals having access to those records;
- ask for an explanation of any item in the records; and,
- a hearing on the issue if the school refuses to make the amendment

SCHEDULES AND DUTIES

Duty Hours

Duty Hours shall be from 7:25 a.m. until 4:00 p.m. daily. Teachers shall not dismiss their classes earlier than the regularly scheduled time without the approval of the Superintendent.

This is one of the most important parts of maintaining a safe school and a culture that is focused on learning. Please be prompt and vigilant in observing all students during your designated duty time. Watch carefully for suspicious and dangerous behavior. **At no time will a class or group of students be left unattended.** Should an emergency arise which necessitates the teacher's absence, the principal should be notified so that temporary supervision may be arranged.

On a teacher's designated duty day, teachers should be on duty in their designated location at 7:30 a.m. until the bell, at breakfast and at lunch. At breakfast and lunch breaks, please report immediately to your area and plan accordingly to eat breakfast or lunch on duty. Duties include monitoring the safety and well-being of all students. Movement and constant observation should be included in your duty. Teachers are encouraged to proactively manage student behavior and intervene before a situation escalates.

Teachers may be assigned as sponsors of student organizations and will be required to attend functions of the organization to which they are assigned.

Faculty Meetings

Faculty meetings are held regularly, as needed for staff development and training. At least one meeting will be held each month for general school information. Teacher input into the focus of these meetings is welcome. There is a great deal of expertise on the staff which allows us to maintain our focus and organize for optimal success. In addition to the faculty meetings there will be professional development days throughout the year.

Parent/Teacher conferences will be held on September 18, 2020 and February 5, 2021

Teacher Orientation will take place on July 27, 28 and 29, 2020. Open house is July 30 from 4-5 pm. Parent/teacher conferences will be held on September 18, 2020 and February 5, 2021. Teachers last work day will be May 28, 2021.

Travel to and from training or professional development opportunities must be conducted using the school vehicle. No reimbursement of travel expenses will be made for use of a personal vehicle unless the school vehicle is unavailable. A travel request form is required to be approved to book the use of the school vehicle.

Reimbursement of Travel Expenses

Employees must submit a School Expense Travel Claim in order to receive reimbursement for lodging and meal expenses. Mileage will only be reimbursed **IF** the school vehicle is unavailable **and** with approval of the superintendent. Lodging and meal reimbursement rates are based on the current average for reasonable lodging and up to state average per day for meals. See Business Office for details. **Receipts are required for lodging and meal reimbursements.** Lodging for conferences will be limited to the cost of the conference facility. Contact the Business Office in advance of travel for restrictions.

Use of School Equipment

Teachers shall be responsible for the proper care of all school equipment, apparatus, furniture and supplies under the control of the teacher.

Textbooks

Teachers are required to issue textbooks to students and record their numbers in the teacher's record book. A number check should be made every nine weeks or more often if necessary. Please collect for books as they are lost or damaged. This will avoid billing parents at the end of the year.

Purchasing Policies

The district Governing Board adopts a policy conforming to state law regarding the purchasing procedures. Following is a summary of purchasing policies of Vernon Elementary School District #9. The Governing Board must approve all expenditures.

If an employee plans to use District funds to purchase supplies, equipment or services, this is the procedure that **must** be followed:

- 1) Ask for a Requisition for the item or service to be purchased. Requisitions need to include item descriptions as well as catalogue numbers. An official Purchase Order will be generated from the Requisition.

******Note:** Purchases without **PRIOR** requisitions and approved Purchase Orders will **NOT** be paid for by the District. ********

- 2) State law has established procedures that must be followed when purchasing items that cost \$5000 or above.
 - A. Expenditures of more than \$5,000 or totaling \$5000 for one vendor or item type District-wide, require three (3) telephone or verbal quotations. Quotation information should be attached to the respective requisition. This policy applies to all types of goods or services unless the Governing Board has identified the vendor as a sole source.
 - B. Expenditures of more than \$15,000 or totaling \$15,000 for one vendor or item type District wide, require a minimum of three (3) written quotations on the

vendor's letterhead. This policy applies to all types of goods or services unless the Governing Board has identified the vendor as a sole source.

- C. Procurement of construction or other items costing more than \$50,000 or totaling \$50,000 for one vendor or item type District wide, require sealed bid procedures. The district will comply with all Arizona statutes relating to labor, equipment, supplies or services purchased, leased or contracted. All sealed bids and requests for proposals are issued by the purchasing office.
 - D. All goods must be shipped to Receiving. Receiving checks shipments against purchase orders for accuracy.
- 3) The **Business Office** issues **Purchase Orders**. Purchase orders are required for all expenditures except exempted items, such as salaries and related costs. **No material may be ordered "on approval" without a purchase order. If an employee orders material without a purchase order, this will be deemed a personal expenditure and the employee will be liable for payment!** Blanket purchase orders may be used for items of a recurring nature, but should indicate the period of time covered and a specified expenditure limit. If an employee exceeds the expenditure limit on a blanket purchase order the purchase order will be closed.
- 5) A purchase order will be faxed or mailed with an authorized district signature. The purchase order number must appear on all correspondence, invoices and freight bills. The cost of freight may be added to the invoice but all items must be shipped prepaid.
- 6) District employees who receive goods and/or services directly (e.g., pick up orders) must verify the quantity and item descriptions for all items received and date the receiving report for **the date the merchandise was actually received or the date the services were actually completed.** Return the completed receiving report with packing slips attached to the Business Office.
- 7) After the receipt of goods and/or services, only an authorized signer may approve invoices for payment. Expenditures will only be processed for payment after written authorization has been received by the Business Office.
- 8) The business office submits expenditure vouchers to the County School Superintendent's Office where they are checked and the expense warrants are drawn. The warrant is returned to the Business Office where it is mailed to the vendor.
- 9) If it becomes necessary to cancel an order or items that have been back ordered, the Business Office **must be notified of the cancellation**. If other items will be ordered as replacement, a new purchase order must be issued for the replacement items.

An Inventory Transfer and Disposal Form must be completed for any inventory items, which are unusable or broken and need to be removed from inventory. Required information includes:

AZED and Schoolmaster

The Arizona Department of Education requires Districts to submit student-level data to ensure “precise student counts, accurate tracking of mobility and dropouts, and accurate measurement of student progress.” This information is used to determine the amount of funding a school district receives to operate its schools.

Accurate accounting of student data using Schoolmaster is extremely important to the District. Every certified employee and some classified personnel will be required to know and use Schoolmaster for data reporting to ADE. It is mandatory that employees required to use Schoolmaster receive appropriate training to ensure that the District’s reports are accurate and timely. For employees new to the system, learning Schoolmaster is mandatory – and one of the first work assignments.
