

# EMS 6th Grade

## 2020-2021

Dear Parents,

In the 6<sup>th</sup> grade, we do several engaging class activities that involve the use of multiple art supplies. On the back of this letter, you will find a list of supplies needed for the upcoming school year in the sixth grade. The supply list covers all seven periods your child will have in a day. Please remember that some supplies will need to be replenished (purchased again) throughout the school year. Items that often need to be replenished will be paper and pencils. All supplies are essential, and it is very important that your child has all supplies by the first day of school. This will allow your child to start and stay on track. We want your child to receive the most they can in this educational time. Please have your child read daily and practice multiplication and division math facts over the summer to keep them ahead of the game. We look forward to having your child as a student for the 2020 – 2021 school year. Have a safe and fun filled summer! See you soon!

Thank you!

6<sup>th</sup> Grade Teachers
