	<p>The ISBN-13 listed here is the one referenced in the curriculum. HOWEVER, multiple editions of this book are in print, all of which have different ISBNs but contain the same content. Another edition of the book may be substituted, as long as it is not an alternate version (e.g., a Young Reader's version, a graphic version, etc.). Although pagination may be different, chapter references continue to be relevant across editions and should provide sufficient anchoring to identify relevant sections of the text.</p>
