# Agenda

**Purpose of Committee**

**LCFF/LCAP Defined**

**LCAP Development Process**

**Review Current Metric Outcomes**

**Dashboard Updates**

**ELO and ESSER III Updates**

# Purpose of Committee

This committee:

- Reviews the local control accountability plan (LCAP)
- Reviews the annual update
- Shares/Solicits information from site educational partners
- Provides input, advice and comments on the plan and related plans

# LCFF

In 2013, Governor Brown signed the *Local Control Funding Formula* into law, along with a **new accountability system**, based on two principles:

- Provide resources more **equitably** to students with **learning and socio-economic barriers**, and
- Provide **greater flexibility** for educators to serve and respond to their students' needs.

## LCAP

(Local Control Accountability Plan)

Three Year plan required to receive State funding

# LCAP

## What is it?

Every student generates a base grant, which funds basic educational costs, such as teacher salaries, retirement costs, instructional materials, etc.

Every student who is **low-income, learning English**, or in **foster care** generates 20% more funding above the base grant.

These funds must be spent on increasing and improving services for these high-need student groups in order to improve their achievement.

In districts where at least 55% of students are high-need, those high-need students above the 55% enrollment threshold generate an extra 50% of the base grant.

These funds must also be spent to increase or improve services for high-need students in order to improve their achievement.

# LCFF (State) Funding

Unduplicated Count  
Projected  
21 - 22  
72%

Districts are required to develop a plan for how they will use State funds (LCFF) to serve all students.

The LCAP includes goals, specific actions, and measurable student outcomes for each of the **eight statewide priorities**

# LCAP Requirements

Each district's LCAP must include the following:

- ✓ Goals
- ✓ Actions
- ✓ Related expenditures

LCAPs must include services that target each major student subgroup, including:

- ✓ Racial/ethnic subgroups
- ✓ Low-income students
- ✓ English learners
- ✓ Students with disabilities
- ✓ Foster youth
- ✓ Homeless youth

LCAPs must address the 8 State Priorities\*:

1. Basic Services
2. Implementation of standards
3. Parental engagement
4. Student achievement
5. Student engagement
6. School climate
7. Access to courses
8. Other student outcomes

# Outcomes

## Annual Update

More than a single number	Equity	Supports Local Decision-Making
A quality education is defined by <b>more</b> than a single test score	<b>Increased</b> focus on addressing disparities among student groups	<b>More</b> information to support the local strategic planning process

The Local Control Funding Formula (LCFF) required the State Board of Education (SBE) to develop an *accountability tool*, known as the evaluation rubrics, that:

Includes state and local performance indicators for **ALL** Local Control Funding Formula state priorities.

Assists local educational agencies in *identifying* strengths, weaknesses, and areas in need of improvement for LEAs and schools.

Identifies a process for using the performance standards to *identify LEAs in need of additional assistance or intervention*.

# State Accountability Tool - CA School Dashboard

Six State Indicators
1. Chronic Absenteeism
2. Suspension Rate (for grades K–12)
3. English Learner Progress (for grades 1–12)
4. Graduation Rate (for high school only)
5. College/Career (for high school only)
6. Academic (for grades 3–8 only) <ul style="list-style-type: none"><li>• English language arts/literacy (ELA)</li><li>• Mathematics</li></ul>

Four Local Indicators

Implementation of State Academic Standards
Parent Engagement
School Climate

# CA School Dashboard 2021

## Federal Waiver

- Removes requirement to publish state level indicators on the California School Dashboard.

## State Accountability **Assembly Bill 130 (Section 123)**

- *The CDE shall:*
  - suspend the publication of state indicators on the 2021 Dashboard
  - report valid and reliable data
  - publish local indicator data.

# CA School Dashboard 2022

- State Indicators will include **status only based on the data from the 21-22 school year.**
- Local indicators will be submitted by LEAs
- CDE will examine new measures for Dashboard's College/Career Indicator (CCI)
- Schools and LEAs will be identified for support using 2021-22 data.

# CA School Dashboard 2023

- State Indicators will include **status, change, and Performance Colors** based on data from the 2022–23 and 2021–22 school years
- Local indicators will be submitted by LEAs
- Schools and LEAs will be identified for support using 2022–23 and 2021–22 data
