

GO BRONCOS!!

Welcome to Dr. Lê's English Class

Grading Scale:

90-100% = A

80-89.9% = B

70-79.9% = C

60-69.9% = D

59.9% & below = F

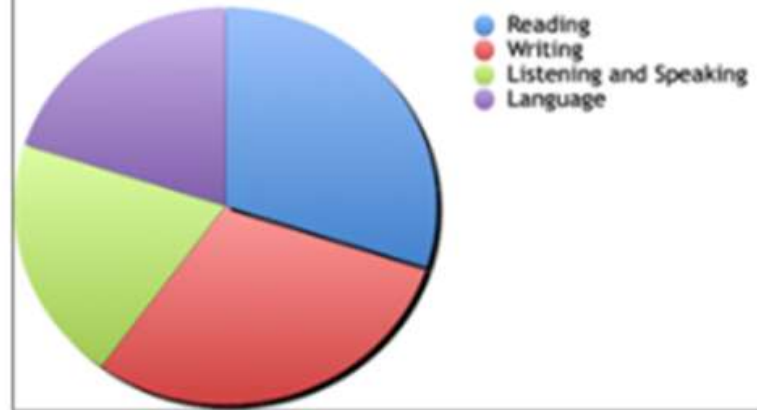

(+/- used in scale)

Reading 30%

Writing 30%

**Speaking and
Listening 20%**

Language 20%

Classroom Behavior Expectations

Be Kind

Be Respectful

Be Engaged

Follow Syllabus Expectations

Follow School Expectations

English Department Cell Phone/Electronics Policy:

Student use of cell phones, earbuds, and other electronics has become an increasingly negative disruption during classroom instruction, interfering with student learning and engagement.

In order to support and maintain an environment conducive to learning and engagement, cell phones, ear buds, and other electronics **must be turned off and put away while class is in session** (unless otherwise directed by the teacher for academic purposes).

Failure to comply with the cell phone/electronics directive may be considered “defiance” and result in behavioral consequences. Additionally, cell phones, earbuds, and other electronics may be confiscated by faculty and/or an administrator, and parental pickup may be required.

If you need to contact your child in case of an emergency, call the front office at (951) 894-5750.

Time Management

STEPS TO SUCCESS

1. Create SMART goals
2. Write down your plans physically
3. Prioritize your tasks
4. Make a realistic time estimate (Know yourself!)
5. Set your Calendar!

Create SMART goals

SPECIFIC, MEASURABLE, ACHIEVABLE, RELEVANT, TIME-BOUND

ex) I will go to the gym five times a week so I can lose 10 pounds in six months.

Write it Down!!

Write down a to do list, which will lead to prioritization

USE THE BLOCK SCHEDULE

Know what is coming for you, and plan ahead too

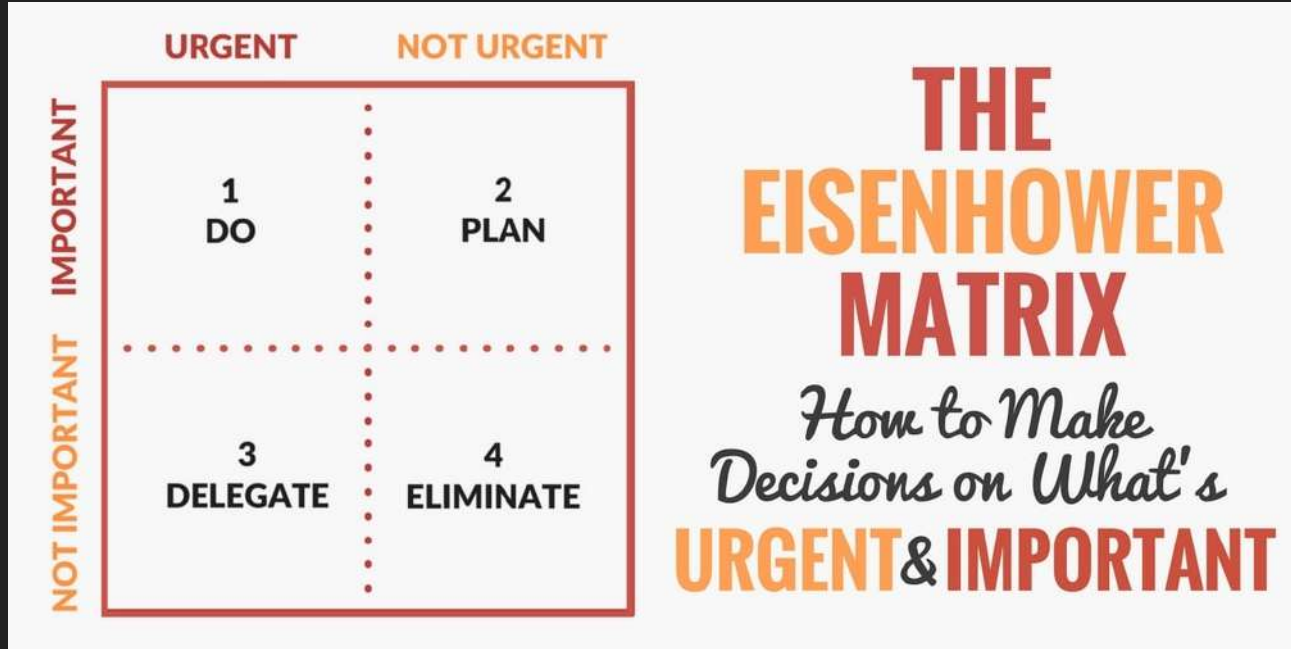

Know when to say no

Time management helps, but doesn't
make you have a time turner

Know how much you can handle

PRIORITIZE

Setting Aside Time

You will NEVER be 100% efficient, give yourself extra time

People often underestimate how long tasks will take them - trick your brain

Know YOURSELF

How long do assignments take? Block off that amount of time. Make real estimates (usually around the same time for each class consistently)

Do somewhat easy tasks first because getting started moves the machine - DON'T if you're a "I deserve a break" type of person

TAKE A POWER NAP

Sleep is **CRUCIAL** in retaining memory and for your body to function. Try to sleep from 10-6.

If you're studying and you're tired, you're accomplishing little. Take a short 20 min nap and then get back to work being refreshed

Get Ready to Accomplish!

Being on a roll helps a lot in finishing tasks

PREP. Get all your snacks ready and read all your notifications. This lets you consistently do your work without being distracted by other tasks.

Put it in your CALENDAR

Know when things happen, and schedule things so there's no conflict; helps you remember events in the far future

Create a BALANCED schedule

Don't take on too much at once, or you'll burn out and no longer be able to go on, which is WORSE than not doing one or two things in the moment

You MUST set aside time for yourself. Time to be with your family, friends, and exercise is not an option, or something that takes time away from your studies.

Treat yo self

Know Your Strengths

Know what you can do, what you can't do, and what you're GOOD at!

Thank You
