# Starting Smarter

You are the expert on your child. Over the course of a school year, you receive a lot of information about how your child is performing that can be combined to give you a more complete picture of your child's progress. In addition to report card grades and class tests, you can **use the ELPAC score reports to better understand your child's progress** in learning English to start a conversation with your child's teacher about how to even better support learning at home.

# Understanding the **ELPAC** Reports and **Areas**.

The ELPAC test is used to measure how well students in kindergarten through twelfth grade understand English when it is not their primary language.
