

Application for Food and Nutrition Services

What are Food and Nutrition Services?

Food and Nutrition Services help households buy eligible food in authorized retail food stores. This will increase low-income household's food buying power, so they can have more nutritious meals.

How Do I Apply for Food and Nutrition Services?

Step 1. Fill out this application: You have the right to receive an application upon request. If you cannot complete this application you will only need to provide a signature, legible name, and address. If you need assistance in completing this form, please let us know so that we can assist you.

Step 2. Turn in the application to your local agency as soon as possible: You can mail, fax or bring the application to your local agency or apply online at <https://epass.nc.gov/CitizenPortal/application.do>. The date we get your application with your name, address, and signature on it, is also the start date of your Food and Nutrition Services application. If you are eligible for Food and Nutrition Services in the month you apply, the amount of Food and Nutrition Services you will get for that month depends on the date you turn in your application. The sooner you give us this application, the quicker you will know if you are able to get Food and Nutrition Services.

Step 3. Talk with us: A caseworker must interview you or someone you choose to represent you. This is to see if you can get Food and Nutrition Services. If you are unable to stay for your interview today, please tell the receptionist or a caseworker so that we can schedule an interview for you.

Information About Social Security Numbers, US Citizenship and Immigration Status

You can choose not to apply for yourself or members of your household and are not required to answer questions about Social Security Numbers (SSNs) and citizenship/immigration information for those you choose not to apply for. For each individual that you are applying for, you must provide information about SSNs and citizenship/immigration status. Providing a SSN is required by the Food and Nutrition Act for applicants seeking benefits. We will not share SSNs with US Citizenship and Immigration Service (USCIS). We will only use the SSNs you give us to do computer matches to check what you told us with State and Federal Agencies, Income and Eligibility Verification System (IEVS), other computer matching systems, program reviews and audits. This information may be verified through other sources when discrepancies are found and may affect your household's eligibility and benefit level. You must be a United States (U.S.) citizen or an eligible alien and also meet other Food and Nutrition Services rules to get Food and Nutrition Services benefits. We will only contact USCIS to check the immigration status on the household members who give us their immigration documents. If an applicant does not provide this information, they will be ineligible for benefits. Household members must provide their financial information because it is needed to determine eligibility for individuals who are applying. Eligible household members who apply will be able to get benefits even though some people in the household are not applying for benefits. The amount of benefits will depend on the number of people requesting benefits.
