All employee personal travel shall likewise be subject to a separate directive issued by the Tribal Health Department pursuant to Resolution GR-034-21. Sixth, price gouging is unlawful on the Gila River Indian Reservation. GRIC Code Section 13.209 provides that "unconscionable and other unfair business practices" are grounds for the revocation of a business license. Individuals or businesses that engage in price gouging in the Community are subject to a revocation of their business licenses and non-members will be subject to exclusion from the Community under GRIC Code Section 8.101(C), which prohibits unfair business practices. Tenth, all Community departments and employees will continue to comply with the comprehensive “Tribal Government Return to Work Plan,” and their department or program plans.

Eleventh, under the Communicable Disease Ordinance, GRIC Code Title 17, any individuals who (i) have tested positive for COVID-19, have been diagnosed with COVID-19, or have been advised to self-quarantine by a health care professional or the Tribal Health Department, and (ii) do not submit to a voluntary quarantine may be subject to a written quarantine directive by the Tribal Health Department and court-ordered quarantine by the Community Court, enforceable by the Gila River Police Department. All Community Members and residents of the Reservation are strongly encouraged to follow the directions of their health care providers and the Tribal Health Department with respect to measures addressing the COVID-19 Pandemic.

Twelfth, the Gila River Police Department is authorized and directed to enforce the Twelfth Clause of this Amended Executive Order No. 12 under the applicable provisions of the Gila River Indian Community Code.

Thirteenth, *until further notice, all persons including Community members, employees and visitors over two (2) years of age who are present within the boundaries of the Reservation shall wear a protective face mask while inside any public building located within the Reservation, regardless of vaccination status.* Further, all teachers, staff, students or visitors to any school on the Reservation shall wear a protective face mask regardless of vaccination status. Fourteenth, I hereby direct that (i) all employees of the Community who have not been fully vaccinated, and (ii) any employees, including fully vaccinated employees, who have displayed symptoms of the COVID-19 virus, must be tested for COVID-19 as directed until further notice. Any Community government employee who displays symptoms of the COVID-19 virus must be tested immediately by their health care provider. We strongly recommend that any employee of any enterprise or business located on the Reservation who displays symptoms of the COVID-19 virus be tested immediately by their health care provider. In addition, employees of the Community government may be required to undergo serology testing for COVID-19 antibodies or to be re-tested as appropriate. Employees of the Community government who refuse testing or fail to show up for testing as directed will be subject to disciplinary action. The results of any testing shall be kept confidential in accordance with applicable law and positive test results shall be reported as required by Community or federal law.

Fifteenth, I hereby direct that the Community shall also make COVID-19 testing available to the following groups of individuals on a regular basis or as directed until further notice:

- Fully vaccinated employees of the Community government
- Community Council and elected and appointed officials of the Community
- Employees and students of all schools located on the Reservation

Sixteenth, *I hereby direct that all schools located on the Reservation shall provide education to the students enrolled in each such school only through virtual classes or distance learning, and not through in person, on-site classes, from August 16, 2021 until further notice. To the greatest extent possible, schools should offer synchronous learning through which instructors provide instruction in real-time to students. Notwithstanding the prohibition on in-person teaching, teachers may use their*

classrooms for providing virtual education to their students, provided they observe appropriate COVID-19 health requirements while in a school building on Reservation. A school may seek an exception to continue in person, on-site classes for up to an additional seven (7) days after August 16, 2021, if it can demonstrate that it is unable to provide education through virtual classes effectively due to the limited time for transition. A school seeking such an exception must file its request with the Tribal Education Department. The Tribal Education Department shall consult with the Tribal Health Department and the COVID-19 Task Force in preparing its response to the request.

Seventeenth, schools in the Community may provide on-site services to children with developmental delays or impairments who have specific Individualized Education Plans (IEPs) or students whose needs cannot be met through virtual learning, so long as there are no more than ten (10) students present on campus at any time, social/physical distancing guidelines are followed, all students, staff and visitors wear face masks indoors and utilize other appropriate PPE and COVID-19 prevention measures.

Eighteenth, I hereby direct each school on the Reservation to develop and implement a plan for providing meals for students and other school-aged children using existing resources that each school has available to it. To the extent such meal programs exceed the resources available to any such school, such school may request such funding as may be necessary from the Community Treasurer. Such meal plans must include adequate public health safety and COVID-19 prevention measures.

Nineteenth, all individuals who have not been fully vaccinated in accordance with guidelines from the Centers for Disease Control and Prevention residing within the Reservation are strongly encouraged to stay at home as much as possible. I emphasize that, for those not fully vaccinated, the safest place continues to be at home and that staying home is the best way to protect yourself and others from getting sick.

Twentieth, I urge all Community members, employees, and all others eligible to receive a vaccine from the Community to take the COVID-19 vaccine at the earliest opportunity possible in order to help ensure the health and safety of our entire Community.

DONE THIS 13th DAY OF AUGUST, 2021.

GOVERNOR STEPHEN ROE LEWIS
