Description:

ESL (English as a Second Language) Advanced continues to build students academic structures and vocabulary of the English Language through the skills of reading, writing, listening and speaking to function proficiently in social and academic situations as well as learn challenging content through the curriculum. The acquisition of language skills (listening, speaking, reading, and writing) occurs as learners use English effectively in a variety of social and academic settings. This means that English Language Learners (ELLs) need to actively participate in all activities that involve the use of the English language.

Curriculum:

Students will learn skills and strategies in order to advance their reading, listening, and pronunciation skills. They will expand oral comprehensibility and write essays in response to literature as well as creating essays that correspond with grade-level curriculum, and prepare presentations to give in front of the class. They will utilize level-appropriate conventions of grammar and punctuation with a minimum of errors.

Goals:

Students will use English to interact in the classroom. Students will interact with spoken and written English for personal expression and enjoyment. Students will use appropriate learning strategies to construct and apply academic knowledge. Students will use appropriate strategies to extend their communicative competence.

Tutoring:

I usually arrive to school at 6:15 am if you need help. I will also be available during Period 4 as I have my duty overseeing the office bathroom sign-in/out. I am unable to remain after school as I have 2 small children to attend to at home, but I am easily accessible from my e-mail.

Absences:

We will follow the Wilby High School attendance policy. Additional information about attendance is provided in the Student Handbook and can be found on the Waterbury Public Schools webpage.
