Dear
Parents/Guardian:

During this school year, the middle schools have scheduled two sets of conferences to foster greater communication between parents, teachers and counselors regarding student progress. The first set took place in November. The dates for the second set are scheduled for Wednesday, March 16th (**an evening time slot from 6:00 PM- 9:00PM**) and Thursday, March 31st (**a daytime slot from 12:45 PM to 2:45 PM**). The evening conference time is made available for parents who are unable to meet during the school day. All conference slots are scheduled at fifteen-minute intervals beginning at the designated start and ending times identified above. You may designate your preference for a time and the teachers will make every effort to accommodate your choice.

We recognize that at this point in the school year, you may have had recent contact with your child's teachers or counselor regarding his/her progress and might not feel the need for a conference. If this is the case, we are offering other options besides a conference which consist of an updated teacher/team progress report, telephone contact or an email.

Whether you opt for an in-house conference or other form of contact, we *need* you return the completed tear off portion below to your child's homeroom teacher to ensure that contact happens. Please note that if you would like to request a conference with your child's counselor, social worker, psychologist, speech and language pathologist, interventionist (comp ed), world language, PE/health, unified arts, and or music teacher we are asking that you e-mail the teacher directly (please see contact information on the reverse of this letter) or send a request with your child to the main office. **Requests for conferences must be submitted by 3:00 P.M. Wednesday, March 9th.** You can also e-mail your child's team requesting a conference in lieu of the form. The team will inform you of the time when your conference is scheduled no later than Monday, March 14th for an evening conference and Wednesday, March 28th for a daytime conference.

I encourage you to take advantage of the opportunities that exist to generate greater communication between you, the parents/guardians, and your child's teachers.

Your partner in education,

Joy K. Wright
