Action plan: Spanish programming-Senderos Curricular resource

Areas of development/hurdles in current Spanish programming:

- Current Realidades textbooks rendered obsolete by our standards-aligned work
- The following courses, do not have a textbook resource: Spanish 5, Spanish Pre-AP (4H), Spanish 4A
- The Realidades 3 online program expires for our Level 3H classes in December 2019
- The AP Spanish and Language course utilizes Temas from VHL, the Senderos series is vertically articulated to Temas, but lacking from our program
- Spanish teachers have received a demonstration of the Senderos Series (2016-2017) and unanimously agreed on its implementation, but it was not purchased due to the implementation of the Realidades program
- In the process of developing pathway to the development of a AP Spanish Literature and Culture course

Goal: To provide Spanish teachers with an ACTFL aligned curricular resource that will aid in facilitating authentic learning experiences that advance our students' communication and intercultural proficiencies in the Spanish language both inside and outside of the classroom.
