Why AP?

- ◆ AP courses help students acquire the skills and habits demanded for success in college.
- ◆ College and Career Readiness Preparation
- ◆ Students establish rigorous study habits, improve writing skills, sharpen problem-solving abilities, develop time management skills, and strengthen self-discipline.
- ◆ Students may earn college credit while enrolled in high school courses.

AP & the Cost of College

- AP students are more likely to graduate from college in 4 years, which only 26.5% of U. S. public college students achieve.
- The average cost of a 4 year public institution is \$18,000 for every year, in state.
- If a student earns a qualifying score in an AP course and receives college credit, the family saves \$1,800 which is the average cost of a 3 hour course at Alabama & Auburn
- AP helps students qualify for college scholarship dollars. 31% of colleges use AP as a criterion when determining scholarship recipients.
- Colleges use AP to place students in appropriate level courses.
