

"M.M. Generali School News" February 2020

<u>Vision</u>: Our students and staff will employ the mindfulness technique to make positive personal decisions enabling us to mentor responsible citizens.

<u>Mission</u>: M.M. Generali Elementary School's mission is to provide opportunities for all students, in partnership with families, to maximize their skills and talents in a positive atmosphere where teaching and learning flourish under the belief that all students can be exemplary students, while becoming respectful, responsible, productive citizens who will be vital to our community.

Dear Parents and Guardians:

Spring is near!

We are well beyond the mid-year mark. We have a few reminders to keep the rest of the school year running as smoothly as the first half.

- Please keep in touch with your child's teacher to monitor their progress.
- Please discuss with your child the type of behavior that you expect from him/her in school and on the bus .
- Please check your child's homework assignment and daily calendar. They have homework every night. Please sign agenda.
- Please read to your children and or require them to read daily. Ask them what the book is about, where it takes place, and who is in it. That will help with their reading comprehension.

These reminders will help with your child's academic success.

Spring M

Class testing will occur after Spring Vacation. Any child that does not meet criteria will have to attend our summer program

Thank You & Happy Spring.

Sincerely.

Mrs. Stamp

Principal

Reminders: Cellphone, Game boys, mp3 players are not allowed in school.

Chapstick, lipstick, lipgloss, large earing, high heeled shoes and fake nails are not allowed either. We are not responsible for any loss or stolen items

We will have outdoor recess if the temp rises above 32 degrees. Parents, please make sure your child comes to school prepared for the cold weather; we will be sending the children out to recess daily when the weather

permits it. It would be best if their names are in their coats someplace in case they get misplaced. During the day. We do have a lost and found outside the office door id your child is missing something.

Safety first
Think before you act
Always be kind
Respect yourself and others

Attendance Counselor-

As we settle into the routine of school, please remember to have your student in the building by 8:35 to avoid being tardy. We understand absences happen, please follow attendance procedures if your student is absent. Send in a doctor note or a parent note when the student returns. Once your student has missed 4 days in one month, or 10 days in a school year you will need to come in and meet with the attendance counselor. Please feel free to call me with any questions/concerns you have.

Absences can add up quickly. A child is chronically absent if he or she misses just two days every month! Your child is less likely to succeed if he or she is chronically absent—which means missing 18 or more days over the course of an entire school year. Research shows:

Did you know???

Clearly going to school regularly matters! We don't want your child to fall behind in school and get discouraged. Please ensure that your child attends school every day and arrives on time.

EARLY Pick-ups

Early pick-ups of students before the end of the school day are discouraged as students will miss valuable instructional time. Students leaving a few minutes early often miss important last minute instructions and/or reminders. This is considered the same as a tardy. Interrupting classes to call students to the office also distracts other students and interrupts the end of the day classroom routines. Early pickups should occur only in rare circumstances. Please make every effort to schedule appointments outside of school hours. If you need to pick up your son/daughter during the day or at the end of the school day, you must send a note with your child in the morning. Early release notes must explain the reason for the early pick-up and the time you will pick up. Students will not be released for early pick-ups after 2:35. This is a very busy time for the school and office personnel as we are preparing for dismissal and the close of the school day, and it is a safety concern to remove children once they begin to move towards their designated dismissal area. Also, due to the safety and security of our students and school building, we would like to remind you that parents are not allowed in the building at dismissal time and will have to wait outside for their children. We kindly ask that you consider the weather and prepare for pickup in advance as you will have to wait outside. Please make sure you prepare for the weather (umbrella, etc.) when picking up students. Thank you for your support and cooperation.

Parents: Please do not use the bus lane to drop off or pick up your child. This area is reserved for busses only. All parents must use the parent drop off area in the Odd Fellows parking lot which is the building next door to the school or park in their parking lot and walk over when visiting the school. This is for the safety of our students. Thank you!

Meeting's with Teachers and Administration

We encourage meetings and communication with your child's classroom teacher. Working together increases student achievement. We do ask that you please provide your child's teacher with 24-hour advance notice when wanting to meet with them. When requesting a meeting with administrator, please see secretary to schedule meeting.

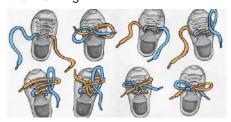

NURSE'S OFFICE INFORMATION

Sherry Mitchell, R.N. Jessie Demers, Health Aide

Just a reminder students cannot carry medication to, from, or in school - this includes over the counter medications like Tylenol, medicated creams, lotion, and cough drops as per policy in adult must transport medication in its original container with pharmacy label (original container will suffice for over the counter medication) Before the medication can be administered a school medication form must be completed by the students healthcare provider signed by a parent or legal guardian and submitted to the nurse's office. For questions or clarification regarding the schools medication policy please call the nurse's office at 203-574-8318.

<u>Parents /Guardians</u> -To reduce falls and slipping accidents please make sure your children's shoe laces are tied before leaving in the morning.

Thanks!!!
Sherry Mitchell, R. N. &
Jessie Demers, Public Health Aide

What's happening around the school????

Happy February!!!

In Kindergarten this month we will be discussing and doing activities for 100th Day, Valentine's Day, Groundhog Day, Presidents' Day and Black History Month.

Please continue practicing high frequency words, decoding and blending. And also, please review adding and subtracting. We appreciate your continued support.

February is also dental health month! Remember brush your teeth twice a day!!

1st Grade-

Happy February!!! We are moving along in first grade. We have just finished middle of the year Mclass testing, We will be sending home reports soon. In fundations we are working on the glued sounds ang, ing, ong, ung and ank, ink, onk, unk. In math, we are moving forward with comparing numbers and data. Our biggest focus is fluency in math. Please have your child practice math facts at home. They are timed in class. Be sure to check your child's folder for homework and for the spelling pattern every A day. Your child will continue to get tested on that pattern every E day. Please continue reading at home daily and don't forget to log it on Mondays and Fridays. We count that as a homework assignment

2nd Grade-

Thank you to all parents who assisted their children with our second marking period Muppet project, job well done! The third marking period will be animal habitats information will be sent home shortly.

3rd Grade

In third grade we have started the exciting new topic of fractions with our students in math.

In Reading, we are continuing to work with our reading curriculum, Wonders. Students are able to work on it online as well as in textbooks. We are continuing to practice for the Smarter Balanced test, which the students will take for the first time as Third graders this year. Please encourage your child to attend school daily and complete homework. Thank you,

The Third Grade Team

4th Grade –

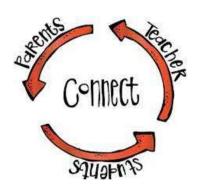

The students have been working hard in their Wonders curriculum. They are reading rigorous text

and working on close reading strategies. Weekly vocabulary and grammar skills are also included. In math student are busy adding and subtracting

mixed numbers. Students continue to use I-ready for math weekly to work on skills they need reinforcement in. Students are also busy preparing for the SBAC test coming up this Spring by taking practice test on the computer. Please encourage nightly reading and multiplication practice. Thank you.

5th Grade- Grade 5 has been working hard on multiplying whole numbers as well as decimals. We will wrap up the marking By learning how to figure out Valium, area and perimeter. In science we are finishing up unit 3 on matter and energy, students are learning how to identify producers and consumers as well as tracing the transfer of energy for one organism to another. A video on Martin Luther King Junior and participated in discussion and written reflections

Parent Liaison's corner

Parents/Guardians,

The <u>Student of the Month</u> ceremony for the month of February will be held on February 13th at 9:30 am in the school cafeteria.
