

First week of school routines using the “ON STRIKE”
book collection.

All books and worksheets are linked for easy printing.
I also created additional slides you may need throughout
the day. They can be rearranged to fit any schedule.
There is also a blank page at the bottom that can be
duplicated and used to add your own slides.

Please feel free to use as is or add/delete things to
make them your own.

Please let me know if you have any questions!
