 Vesicle I just can't seem to get a day off of work. Thanks Boss! -with Nucleus

So tired...I have been delivering food all day. Lysosomes kill me now

Share

Wall

 We need some vesicles to bring proteins to the two mitochondria that are closest to the Golgi body. They have been getting weaker and weaker each day and need the support. Yesterday

 Hey, Vesicle! We really need some more proteins over here! Come quick! about 20 min. ago

 Dude, you're amazing because, we are pretty much the same, except for the fact that I'm ten times more destructive and a little bit evil. You keep me in check though. Thanks. about 5 min. ago

 Could you come over here. I have some food that needs to be picked up. just now

Information

Personal Information

Activities: floating around and delivering food, water, and waste.

Favorite Organelle: My favorite organelle is the golgi body because it gives me a job.

Favorite Cells: My favorite type of cell is a plant cell because it is easier for me to work.

Organelle History

Discovery: George Emil Palade found me in 1979.

View Photos of me (#444)

Album "Me at work" Send me a message

I am made from other organelles in the cell!

General Information

Co-workers: Golgi Body, ER

Birthday: 1979

Job Description: I am like the mailman of the cell. I carry food, water, and waste to where ever it needs to go.
