Welcome to a new adventure at Hebron Elementary!

Kindergarten has adapted and changed over the past couple of decades. Students are now expected to read, write in complete sentences, and add/subtract numbers to 10. Your child will bring home books to read **to** you, a list of 72 words they'll have to remember by sight, and new ways to solve math equations that you weren't taught in school.

We're here to assist our families. Attached you will find academic resources to help with basic concepts that will help prepare your child for the beginning of kindergarten. You can also visit our kindergarten website – kindergarten.lakewoodlocal.org – for additional resources if your child has mastered these basic concepts.

We look forward to working with our new families to make kindergarten a wonderful experience. You will receive a letter from your child's teacher later this summer with a school calendar and a supply list. Until then enjoy the nice weather, complete our suggested summer learning activities, and make sure your child can complete basic self-help tasks (using the restroom, buttoning pants, zipping coat, asking for help, etc.) on their own.

Kindergarten Snap Words

Your child will be expected to know the following 72 words. The quicker they can read these words the easier reading will be for them. If your child has a good understanding of letters and sounds you can start practicing these words with them. If they do not know letters and sounds that is a better place to start. ☺
