UAH ACADEMIC PLACEMENT GUIDELINES

We strongly advise placement re-evaluation prior to attending new student orientation, especially for students living in the local Huntsville area. There is usually limited testing availability during the orientation sessions.

FAQs

What if I have Advanced Placement (AP) scores that give credit for a course?

To receive credit for AP exam scores you must have the official results sent directly to the Office of the Registrar from collegeboard.com (use School Code: 1854). Current year results are not available until early July. For a complete listing of AP credit awards, visit uah.edu/admissions/AP_IB.

I've taken additional coursework through dual enrollment or at my previous institution since I was admitted. How does that affect my placement?

If you have taken additional Dual Enrollment coursework or any coursework at another institution since you were originally admitted, please have your final official transcripts sent to the Office of Admissions to ensure that appropriate credit and placement are awarded.

If I elect to take one or more of the placement exams, do I have to wait until orientation to do so?

No, and due to space limitations, local students in particular may want to take the test ahead of your scheduled orientation if possible.

Is there a cost for placement exams?

There is no cost for UAH placement exams.
