

Name _____

Date _____

Jennifer measures her rectangular sandbox and finds the width is 8 feet and the length is 6 feet.

- a. Estimate to draw Jennifer's sandbox, and label the side lengths.

- b. What is the area of Jennifer's sandbox?

$$6 \times 8 = 48$$

The area is 48 sq ft.

- c. What is the perimeter of Jennifer's sandbox?

$$6 + 8 + 6 + 8 = 28$$

The perimeter is 28 feet.
