

Name _____

Date _____

1. Draw a picture that shows the division expression. Then, write an equation and solve.

a. $3 \div 9$

$$\begin{aligned} 3 \div 9 &= 27 \text{ ninths} \div 9 \\ &= 3 \text{ ninths} \\ &= \frac{3}{9} \end{aligned}$$

b. $4 \div 3$

$$4 \div 3 = 12 \text{ thirds} \div 3 = 4 \text{ thirds} = \frac{4}{3}$$

2. Fill in the blanks to make true number sentences.

a. $21 \div 8 = \frac{21}{8}$

b. $\frac{7}{4} = \underline{7} \div \underline{4}$

c. $4 \div 9 = \frac{4}{9}$

d. $1\frac{2}{7} = \underline{9} \div \underline{7}$
