

AP WORLD HISTORY SUMMER ASSIGNMENT

Welcome to AP World History! You are about to embark on a challenging, but enlightening journey which will better prepare you for all future AP courses and college. The summer assignment is a requirement of AP World History and is designed to build your fundamental knowledge of World History, laying the foundation for the first unit and subsequent material covered during the course of the year. **Students who do not complete a summer assignment will not be permitted to stay in the course.**

For many of you, this is your first AP class. To be successful, you will need to stay focused and work hard. **You should be prepared to spend at least four to six hours a week outside of class on AP World History during the school year.** If this does not seem realistic for your schedule, then you may want to reconsider taking an AP course. The summer assignment is designed to prepare you for the AP World History course through geography and vocabulary. These WILL NOT be taught in class so it is up to you to START class KNOWING this information.

The Summer Assignment consists of the two parts:

1. Geography
 - You will be completing three maps in order to bodies of water, mountains, and deserts, as well as learn AP World Regions. Colored pencils will be useful for this assignment.
2. Vocabulary
 - Use the internet to define the word commonly used in AP World History.

**The summer assignment is due on the first day of school
August 10, 2020**

This assignment is the first 200 points of the course!!!

You should expect a quiz on all parts of the summer assignment during the first week of school. Be prepared!!!!
