•The waiver is a google form that is posted on the LHS website that can be completed in the event that a student/parent does not agree with a teacher recommendation for an academic course. PLEASE NOTE if your student is attempting to drop a course they have waived into, they will be required to attend 4 weeks of Mandatory Lunch N' Learn and participate in a Parent-Teacher conference prior to a decision being made.

•Students will be able to see all courses requested for the 2020-2021 school year. Please note this is not the student's schedule. Schedules will not be available until summer TBA

Guide to a GREAT Freshman Year

► Motivation, Persistence, and Determination

- Have a plan of attack but stay FLEXIBLE. Your interests, strengths, and performance can change
- Push yourself to be YOUR best. Do not be influenced by others suggestions. What is good for others does not mean it is best for you.
- Stay involved in school activities they're fun!

Common Myths

- Acceptance to college is not solely based on how many AP courses you take...be well rounded
- You do not need a pathway to graduate or to be considered by a college or employer for a career field
- You do not have to take AP Human Geography in order to take other AP courses in 10-12 grades.
- Taking a class online does not mean it is easier. There is less support, less leniency, and no face-to-face instruction. You must be very self-motivated and an independent learner.
- If you take a course over the summer, it does not guarantee you a seat in the next course of the sequence or the course of your choice.
- Community service/volunteer hours are not required to graduate
