

Class Expectations for Summer School 2022

Hello and welcome to Summer School 2022!

Course: Integrated 2 CP

Text: Integrated Math 2, McGraw Hill

Session Dates: Session 1 6/6/2022 - 6-21-2022, Session 2 6/23/2022 - 7/22/2022 (No School Monday, July 4)

Progress report dates: Session 1- June 14, 2022, Session 2 - July 1, 2022

Course Description

Integrated Math 2 is the second course of a three course sequence including Integrated Math 1, Integrated Math 2, and Integrated Math 3. This course satisfies the California Common Core Standards for Integrated Math 2. For the Integrated Math 2 course, students continue to develop algebra and geometry skills through engaging and real life applications. Students will build off of the standards they mastered in Integrated Math 1 building on geometry and algebra skills. Students will demonstrate abilities to reason logically and to understand and apply mathematical processes and concepts using algebraic operations, geometry topics with spatial sense, data analysis, and probability.

<u>Rules</u>	<u>Materials</u>
<ol style="list-style-type: none"> 1. Be on Time/Present to Class Meetings 2. Bring Materials 3. Stay on Task 4. No Cell Phones, Electronic Devices, Food, Drinks, or Gum (when in classroom) 5. Respect Yourself, Others, and School Property 	<ol style="list-style-type: none"> a. Textbook b. Notebook c. Sharpened Pencils with Erasers d. Graphing Calculator TI-83/TI-84 or scientific calculator

Classwork: Students are expected to attend live classes, participate in class discussions and ask questions. Students are required to keep an organized notebook for reading & lecture notes, graded work, quizzes and tests. In the event a student is absent, the student will be responsible to get the notes and any work assigned from a classmate.

Homework: Reading the textbook and independent practice complement daily class lessons and are essential for content comprehension and retention. Work will be assigned and completed in class daily. Every assignment is worth 5 points and credit will be given only if the assignment is on time and complete. A complete assignment is one in which all the exercises are *neatly* completed and necessary work shown. Make up homework due to an excused absence must be turned in within 1 day of returning from the absence. **NO LATE WORK WILL BE ACCEPTED.** It is the student's responsibility to seek help when they don't understand a topic. Plagiarism (copying another student's work or from the internet) will result in no credit.

Quizzes & Exams: Quizzes may be given announced or unannounced several times in each unit. Tests will usually be given at the end of each unit and at the end of the semester. Make up quizzes or tests due to an excused absence must be completed the day the student returns from the absence.

Assessment will be as follows:

Grading Scale: A 90-100% B 80-89% C 70-79% D 60-69% F 0-59%	Your grade will be weighted as follows: 60% Exams & Quizzes 40% Homework, Classwork, & Notebook
--	---

Grades : Grades will be available online for students and parents via google classroom and/or Aeries. Final grades will be posted via Aeries.

Attendance: Due to the fact summer school is a very condensed schedule (18 week course in 2.5 weeks), your child will be **dropped from the course** if he/she is absent 7 hours. No exceptions!

Where to find/submit student work: All assignments can be accessed through Google classroom. Your child has *already* been added to the class. I would encourage you to monitor your child's progress daily.
