

GRISWOLD HIGH SCHOOL

Health Sciences

Become a Certified Nursing Assistant

during your time at Griswold High School, and open the door to an exciting and fulfilling career in health care.

Do you like to help people? There will come a time in all of our lives where we will be responsible for the care of another. Learn what it takes to care for elderly, sick, injured, and/or disabled individuals.

Two half-year courses (Introduction to CNA and Advanced CNA) will teach you the skills to become a Certified Nursing Assistant after practicing at a local nursing home.

Explore other medical-related introductory courses offered at Griswold High School:

- **Diversified Health Occupations:** Experience different health occupations and the skills it takes to be in that role. You will investigate careers of interest and experience what a day in the life of a healthcare professional can be like.
- **Sports Medicine:** Investigate the common types of sports injuries and ailments that athletes encounter, and learn about treatments and preventative measures.
- **Medical Terminology I & II:** Become familiar with medical language through the study of body systems.

Where to Begin?

Students enrolled in Griswold High School should talk to their School Counselor to learn more about the *Health Sciences Career Pathway*, and enroll in the proper electives to become a Certified Nursing Assistant.

Or, contact Health Sciences instructor Mrs. Laliberte at DLaliberte@griswoldpublicschools.org with any questions.
