A MESSAGE FROM MAYOR ALAN M. ARAKAWA

Aloha,

I'm pleased to present to you our water conservation calendar. This calendar features the exceptional artwork of student winners from the County of Maui's 4th Annual Water Conservation Poster Contest. These students, along with more than 300 other entries in our poster contest, demonstrate that our keiki care about their island's precious natural resource – water. The goal of the contest was to educate Maui County's youth on the importance of water conservation and to encourage them to take an active role in ensuring the sustainability of Maui County's water supply.

Our community's increased demand for water makes it critical that we all do our part to conserve water. This calendar's theme, "Our Water, Our Future", is a message brought to life by the students' artwork.

On behalf of our community, congratulations to each student for their artistic achievements - They have made their families, schools and community proud.

Sincerely,

ALAN M. ARAKAWA
Mayor, County of Maui

A Message from Director David Taylor

Greetings-

It is my pleasure to present the Department of Water Supply's 2014 Water Conservation Calendar featuring winning student posters from our 4th Annual Water Conservation Poster Contest.

We hope that this calendar, with its quick conservation tips and the student's artistic posters and messages, will motivate and help us conserve and protect Maui's limited water resources. We encourage our residents to be water-wise because water is a finite resource. Water conservation is the easiest and most efficient way to meet our increasing demands for water, and by saving water, you save money.

On behalf of the County of Maui Department of Water Supply, please enjoy this calendar and make water conservation a lifetime habit.

Sincerely,

David Taylor, P.E.
Director
