# MAP RIT Norms

A student's RIT score indicates the level at which the student was answering questions correctly 50% of the time.

- ***On the next slide***

you will see the “mid-year mean” for  
MAP Reading, Math and Language Usage

- ***Right now:***

- Find your grade level
- Find the “Mid Year Mean” for your grade level
- *As you are preparing* to take your MAP Assessments, keep in mind, this is the RIT score that students at your grade level **should** achieve on this assessment in order to be **on track for High School**
- Once you *complete your MAP assessments*, write down your RIT scores, so you can see if your score meets the mean for each subject area.
