

Fourth Grade Spanish

March 23-26

Hola amigos!!

I miss you all so much! I hope you are going outside to play in this nice weather. I also hope you are enjoying time with your "familia".

Here are some activities for you to practice your Español!

Jugar al golf jugar al baloncesto jugar al fútbol jugar al fútbol Americano jugar al tenis jugar al beisbol

Jugar al hockey

1. Practice your "jugar" sports with charades. Ask a parent or sibling to act one out and you tell them what it is in Spanish. Get outside and actually play one of these sports and tell what you are doing in Spanish, Me gusta jugar al baloncesto. No me gusta jugar al golf.

It's good for your salud!

2. Teach your family the jugar sports. Explain the importance of good pronunciation and the letter sounds in Spanish.
3. Make three columns on a piece of paper. Label them like this:

Me encanta

Me gusta

No me gusta

Now categorize the jugar sports by what you love, like, and don't like.

I will post more activities next week.

Virtual ((abrazos))-hugs
