

Grade 8		Tobacco, Alcohol and Other Drugs
Frameworks	10.1	Identify and distinguish between substances that are safe and unsafe to be taken by mouth
	10.2	Describe the purpose (prescriptions and over-the-counter) and how they can be used or misused in the treatment of common medical problems
	10.3	Describe how tobacco and prolonged exposure to cigarette smoke affects the body
	10.5	Describe addictions to alcohol, tobacco, and other drugs, and methods for intervention, treatment, and cessation
	10.6	List the potential outcomes of early and late adolescent risk behaviors related to tobacco, alcohol, and other drugs, including general pattern and continuum of risk behaviors involving substances that young people might follow
	10.7	Identify internal factors (such as character) and external factors (such as family, peers, community, faith-based affiliation, and media) that influence the decision of young people to use or not use drugs
	10.8	Demonstrate ways of refusing and of sharing preventative health information about tobacco, alcohol, and other drugs with peers
	10.12	Explain the physical, financial, social, and psychological cost of addiction
	10.13	Demonstrate the ability to make informed decisions regarding tobacco, alcohol, and other drugs
