SRI Assessment- Electronic (Online) Format

What is the SRI Assessment and how
will we take the test?

A blue login screen for the SRI assessment. It features a white text input field for a username, with the label 'Username' partially visible to its left. Below the username field is a white text input field for a password, with the label 'Password' to its left. At the bottom right of the screen are two circular buttons: an orange button labeled 'QUIT' and a grey button labeled 'GO ON'.

About the SRI Assessment

- The SRI Assessment is a test that will measure your reading level and report it as a Lexile score
- Lexile scores are between BR (0-100L) and 1500L
- Lexiles are also used to show the reading level for many books, magazines, and articles. Tens of thousands of books and tens of millions of articles have Lexile measures.
- Using your Lexile score, you and your teachers and your family can find reading materials that have Lexile levels that are matched to your Lexile Range.

Detailed information on Lexiles can be found at:
<http://www.lexile.com>

The screenshot shows the Lexile website homepage. At the top, there is a navigation menu with links: Home, "Find a Book", Lexile Analyzer, Resources, Research, Store, My Profile, My Reading Lists, Register, and Login. Below the navigation is the Lexile logo, which consists of a stylized 'L' inside a circle, followed by the text "The Lexile® Framework for Reading". To the right of the logo is a "Quick Book Search" box with a search input field and a magnifying glass icon, and a link to "Advanced Search". Below the search box is a navigation bar with five tabs: "About Lexile Measures", "Using Lexile Measures", "Common Core", "Lexile Tools", and "Lexile Training". The main content area features a photograph of two students, a girl and a boy, looking at a book together. To the right of the photo is the heading "The Lexile Difference: Measuring Reader and Text" and a paragraph of text explaining the framework. Below the text is a blue button that says "Search for Books Now". At the bottom, there is a section titled "More Information about the Lexile Framework" with links for "Frequently Asked Questions" and "Assessments that report Lexile measures".

About the SRI Assessment

- It is important for you to do your best so the test can correctly determine your Lexile Level. This will help you, your teachers, and your family find books and other reading materials that match your reading level.
- You will take the test on the computer by going to a specific website and logging in with your username and password.
- Each student gets a different test with different questions.
- The test is not for a grade and is not timed. However, you cannot go back and review or change your answers.
- You should take your time and read carefully.
- If you do not finish before the period is over, you will be able to log back in later and continue the test.

DIRECTIONS

For each item, you will read a passage, then complete a sentence about what you read.

Select Your Answer

Select the word that best completes the sentence by clicking on it with the mouse.

Next Question

When you are ready, you can move on to the next question by clicking on the **NEXT** button with the mouse or by pressing the **Enter** key.

Skip a Question

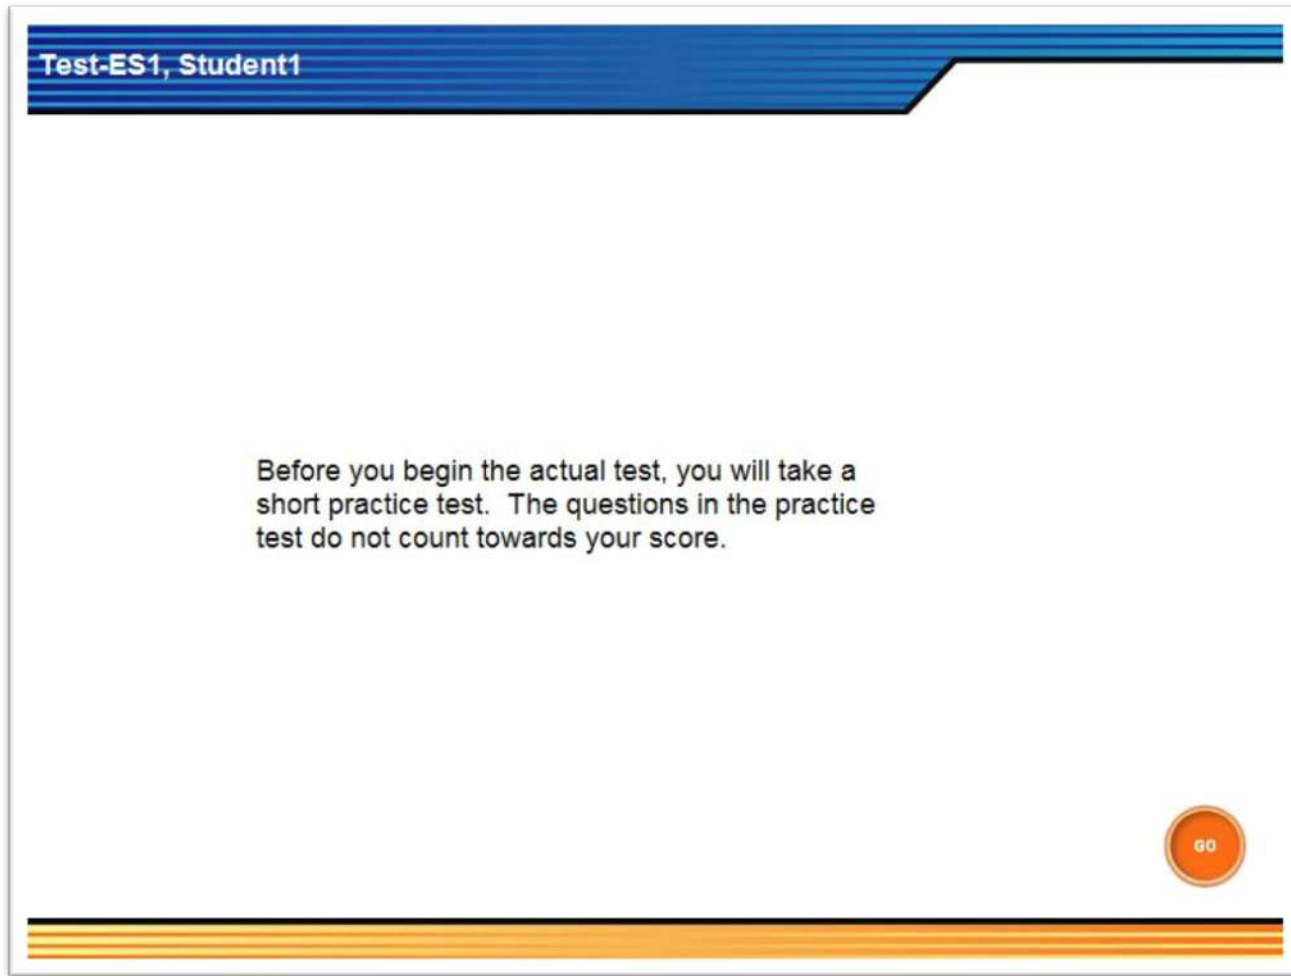

If you would like to skip a question, click on the **SKIP** button. You are allowed to skip three questions.

You may skip up to 3 questions. These 3 skips do not count in your Lexile score.

The directions will be read aloud. Your Teacher or Testing Coordinator may give everyone headphones so that you can listen to the directions independently or you may listen and go over this together as a class.

Practice Test

There will be a short practice test before the actual assessment. This will help you become familiar with how the questions look, how to click to select answers, and how to go on to the next page.

Raise your hand if you do not understand and the teacher will help you.

If you have difficulty with the practice questions, check with the teacher (or testing coordinator) before continuing.

The Actual SRI Test

- After the Practice Test, you will start the real test.
- Take your time and read carefully.
- You can skip up to three questions if you need to.
- The test is “adaptive” and will change or adjust based on your answers. Your reading passages and questions will be different than what other students get.

When you finish the test, you will be able to see your Lexile score.

You can also print out a reading list that is based upon your score and the interests (genres) you selected at the beginning of the assessment.

Activity -After the Test (optional)

When you finish, your teacher may give you a form for recording your Lexile score and listing books in your Lexile Range. You can go to the Lexile website (www.lexile.com) and search for books in your favorite categories that are in their Lexile range.

Step 1: Enter Lexile Measure or Grade
