

GREAT MIGRATIONS IN HISTORY

0910 AP Human Geography

GROUPS OF 2

You will be creating a power point with roughly 10 slides. Each slide should be descriptive and identify the questions and migrations terminology below. Do not overwhelm us with copy/text. There needs to be a graphic/picture for each slide.

Bibliography: Add a citation to each picture or graphic used. When using internet sources, paste URL below the picture/graphic AND on a final bibliography page. You need **four sources**, at least one of which is a hard copy.

What we are looking for are *spatial patterns, scale of migrations, and types of migrations* to compare. Add any relative migration terms in order to better explain your topic.

The order of your slide presentation must match the order below, one slide per topic. Label each slide with the topic you are presenting. Your group will present the migrations to the class. It is important that you are able to make your presentation without reading off of the power-point. Your group may use one 3x5 note card, one sided, which will be turned in at the completion of your presentation. Classmates will be taking notes based on your information.

Research the following information regarding your migration

A.

- | | |
|--|---|
| <ol style="list-style-type: none">1. Who was involved (who made the policy and who had to migrate.)2. What type of migration was it: forced, voluntary impelled...3. Where did it take place (describe locations, intra-continental, inter-continental etc. global/regional/local...)4. Time Period/s: Is it a historical or current event (19th, 20th, 21st centuries)5. Push/pull factors involved > List and identify | <ol style="list-style-type: none">6. Which of Ravensteins "Laws of Migration" fit this event – Evidence...7. Did this become an innovative or conservative migration?8. Why was it important and what were the lasting consequences. (Use our fav ESPN model)9. World or regional map that shows the hearth and migration path/s from your research. |
|--|---|

B PATTERNS TO ANALYZE (Your last slide....)

- | | |
|--|---|
| <ol style="list-style-type: none">1. Distance Characteristics?2. Age characteristics? | <ol style="list-style-type: none">3. Urban vs Rural?4. Gender characteristics? |
|--|---|

Before the presentation, e-mail the project to sandra.wahowski@cfisd.net

Possible topics: sign up asap!!

Partition of India (Hindus and Muslims)

Dust Bowl 1930's

Irish to the USA

Creation of Israel -1948

Palestinians – 1948 to present in refugee areas

3 Gorges Dam – Chinese govt relocation of villagers

African slave migration/Arabia AND W. hemisphere

Blacks from South to North/USA post Civil War

Hurricane Katrina

Afghanistan Refugees to Pakistan

Other migrations, clear with teacher
