

Step 1: Each Grade has a point scale

Step 2: Gather your Current Grades & Record the point value for each grade.

Step 3: Add up your point Value and Divide by how many classes you took

Math	B	3
Science	A	4
History	A	4
Language	B	3
Social Studies	B	3

TOTAL: 17

$$\div 5 \text{ Classes} = 3.4 \text{ GPA}$$
