

How Parents View Student Report Card History

The page can be found under **Student Data | Grades** under the **Grades** menu of the Student and Parent Portal. The page displays a list of all of the **Report Card History** records that exist for the current student.

The following fields will display for each item in the Report Card History.

- **School** – The school where the report card was generated
- **Year** – The academic year when the report card was generated
- **Term** – The heading for the marking period that was active when the report card was generated. This is the marking period that was selected as the **Current Mark** on the **Multiple Mark Headings and Descriptions** form.
- **Grade** – The student’s grade level at the time the report card was generated
- **Type** - Type of report - **Grade, Secondary Standards Based Grade**, or **Standards Based Grade** (for elementary report cards)
- **Report Title** – The **Title on Report Cards** as entered on the **Grade Reporting Options** form at the time the report card was generated.
- **Report Card** – A link to the PDF document of the report card, both in English and the student's Correspondence Language (if available/applicable)
- **Date** – The date the report card was generated
