 CADET GROUP CA-933
 TEMECULA VALLEY HIGH SCHOOL
 31555 RANCHO VISTA ROAD
 TEMECULA, CALIFORNIA 92592**

AY 2018-2019

Parents of Rocketeers,

As part of the Temecula Valley High School (TVHS) Air Force JROTC Model Rocketry program, students will build and launch Air Force approved model rockets. Students will receive instruction on the history of rocketry and how to successfully build a rocket to specifications. As a culminating event for their rocketry training, students will then safely launch and recover their model rockets.

Please provide parental permission for your student to launch rockets. Please indicate your preference below. Please review, check the appropriate box, sign/date and return the entire sheet. If cadets do not get permission to launch rockets, they will only be allowed to sit in the student observer/safety area.

This activity is approved by TVUSD and TVHS administration and the city of Temecula Fire Prevention Bureau. As the responsible instructor, I have taken all safety precautions. I certainly welcome any comments you have regarding this activity.

Thank you for supporting your cadet and the TVHS AFJROTC program.

Respectfully,

MICHAEL P. GOOD, Lt Col, USAF (Retired)
 Senior Aerospace Science Instructor

Name of Cadet _____

____ YES, I give my permission for my son/daughter to participate in AFJROTC rocketry and will not hold AFJROTC nor TVUSD liable.

____ NO, I do not give permission for my son/daughter to participate in AFJROTC rocketry and will not hold AFJROTC nor TVUSD liable as a student observer.
