How to access PowerSchool.

You should have been provided a user ID and password to access PowerSchool. If not, please contact the IT Help Desk (email: ITHelp) to request one.

PowerSchool is web based so open up a browser (Internet Explorer or Firefox are the only supported browsers).

In the address box enter this web address:
http://powerschool.wallingford.k12.ct.us/admin

This address works from anywhere you have an internet connection (within the district or from home).
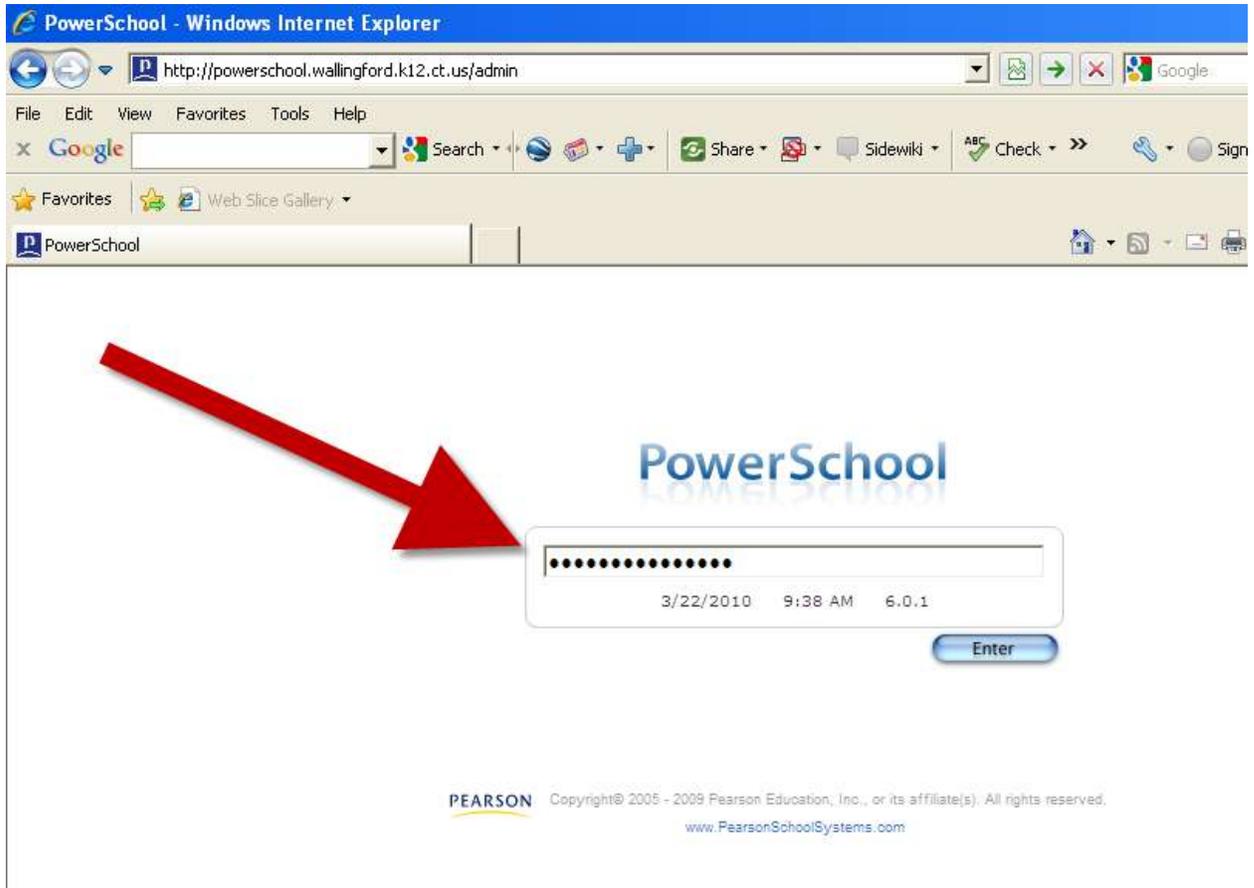

How to access PowerSchool.

At the PowerSchool login, enter your user ID, then a semi colon and then your password. For example if your ID was GWashington and your password was mountvernon you'd enter:
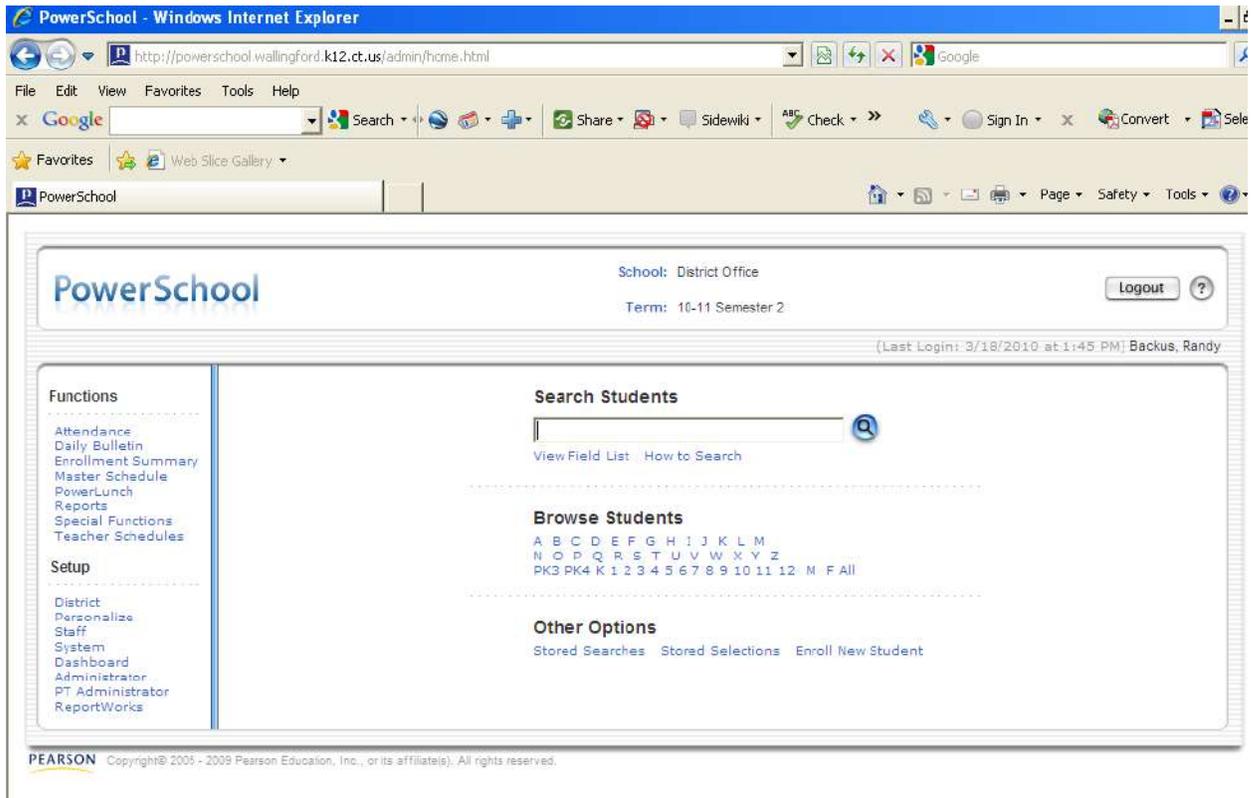

GWashington;mountvernon

NOTE: Your password is case sensitive.

(Please note that you will see asterisks rather than your name and password for security reasons.)
