~Chinese Proverb

Within this brochure, you will find our Spring and Summer courses. At Acalanes Adult Education (AAE), we continue to offer courses many of you are familiar with, in addition to our adding new courses to expand our minds, and our learning. As you peruse the pages, I am hopeful that you will find a course, or two, or more, which will pique your interest and allow you to find that learning treasure, which will follow you for years to come.

As always, the health and safety of our guests and staff are of the utmost importance. We are eager to present our Spring and Summer class offerings and know AAE will continue to follow the guidance from state and local health officials, and follow the guidelines established by our District.

AAE will continue to offer Online registration where guests may enroll in classes and pay the course fees with Discover, MasterCard, Visa, and we now gladly accept American Express. YIN YOGA

Experience the benefits of Yin Yoga, whether you are an experienced yoga practitioner, or brand new to yoga. Yin Yoga is a style of yoga that targets deep connective tissues, such as fascia, ligaments, joints and bones. It is a slower paced, meditative practice, which allows for the stretching and lengthening of rarely-used tissues.

Most of the postures are done seated or reclined on the yoga mat, with the use of props such as pillows and blankets. The benefits of Yin Yoga may include lengthening of connective tissue, increased flexibility, boosts circulation, and reduces stress levels...who doesn't need that! I hope to see you on the mat.

King David: Levantine Despot/Ancestor of the Messiah

Dispassionate Bible scholars aver that the King David story is an amalgamation of themes from Near Eastern myth and traditions of kingship and divinity. While instituting a full-blown monarchy, David was an aggressive leader, a devious politician and a ruthless war chief. Throughout his scandalous reign, important figures that stood in his way died at convenient times, under questionable circumstances. Some themes discussed: development of the Davidic tradition: biography or hagiography?; did David kill Goliath?; the census, corvee labor and the beginnings of the schism between Israel and Judah; rabbinic apologetics justifying the adultery of David and Bathsheba; "O Absalom, My son, My son": a dysfunctional royal family; the Psalms of David: did David compose them? reasons for the emergence of the ideal Davi.

The "Jewish Gandhi": A Portrait of Oakland's Rabbi Judah L. Magnes (1877-1948) - 3 classes **N**

Described as "the most important American Jewish leader you have never heard of" Judah L. Magnes was a veritable human dynamo. He was the first native-born Californian to be ordained a rabbi. As rabbi of Temple Emanuel in NYC he helped found the AJC, the Joint, and the Kehillah, a communal structure designed to unite uptown German Yehudim and the downtown immigrant Russian Jews. An ardent pacifist during WWI he was integral to the creation of the ACLU. An equally ardent Zionist he broke with the Reform movement in part because of its anti-Zionism, but found himself at loggerheads with the Yishuv for his bi-national plan and reconciliation with the Arabs. Probably his greatest work was done after making aliyah to Mandated Palestine when he became the first Chancellor and later President of Hebrew University of Jerusalem.

Jewish Untouchables?: Caste and Racial Stratification

Among God's Chosen People in Cochin and Bombay, India - 2 classes **N**

Jews may have begun to migrate to the Indian subcontinent way back in Solomonic times (1000 BCE). India has always been tolerant of its religious minorities and Jews for millennia always found safe haven there. India is a caste-ridden nation and one's place in society is preordained based on karma accumulated in previous lifetimes. Lamentably, in India, isolated, tiny Jewish communities were impacted by Hindu social codes. So-called White Jews, originally from the Iberian Peninsula and the Middle East arriving in late Medieval and early modern times, contemptuously regarded their ancient darker-skinned co-religionists as low caste or Untouchables and refused to mingle with them. In these Power Point presentations we survey the history and ethnological aspects of various types of Jewish communities that co-existed uneasily in Mumbai and southern India.
