## Preparing 21st Century Leaders

In today's educational environment of rigorous standards and accountability, it is essential for school and district leaders to understand and implement research-based programs and strategies to support excellence in teaching and learning. The ever-changing landscape of schools and classrooms presents unparalleled challenges and opportunities for school leaders.

The Santa Barbara County Education Office extends its commitment to service and leadership in the PASC program by creating a pathway for teacher leaders seeking new opportunities to impact the lives and minds of students. PASC provides a comprehensive learning experience in all areas of school leadership and student success.
