1 The current memorandum of understanding or memoranda of understanding determine fee assessments between the city of Davis and the school district.

2 The Facilities Department staff applies Category 3A, Category 3B, and Category 4 use fees strictly according to the definitions in Board Policy 1330(a).

3 Kitchen use requires employee supervision at all times. General personnel requirements also apply.

4 Applicants need not secure staff for parking lot rentals.

5 Category 1 use applicants need to arrange with the site administrator appropriate staff coverage. If staff is unavailable for the event, the site or the applicant should contact the Facilities Department to arrange for the appropriate coverage. Depending on the District's ability to provide additional personnel, the District may charge the school organization or group or school site budget the costs associated with the event.

6 Application fees are for one application use. If an applicant is making multiple requests of the same kind (e.g., same day of the week with the same number of facilities and same setup, etc.), then the application fee covers up to 10 such reservations. Each subsequent reservation of the same kind is assessed at the rate of \$1 per meeting.

7 Because Category 3B fees imply no additional staff time and are minimal, subsidized charges to accommodate low-cost organizations, which do not provide services for free, groups whose use fall under Category 3B must pay a restroom charge to cover basic personnel costs to clean restrooms, as reserved by the user. The other fee categories include this cost as part of the facility fee structure.
