

FAMILY LIFE/SEX EDUCATION

The Board believes that the purpose of family life and sex education is to help students acquire factual knowledge, skills and attitudes which will result in behavior that contributes to the well-being of the individual, the family and society.

Helping students attain a mature and responsible attitude toward human sexuality is a continuous task of every generation. Parents have the prime responsibility to assist their children in developing moral values. The schools should support and supplement parents' efforts in these areas by offering students factual information and opportunities to discuss concerns, issues and attitudes inherent in family life and sexual behavior including inquiring into traditional moral values.

The school district shall teach about family life and sex education in regular courses on anatomy, physiology, health, home economics, science and so on. If a separate family life or sex education program is developed, it shall be a non-required, noncredit course.

In addition to the requirements listed below, the customary policies and regulations concerning the approval of new curriculum content, units and materials shall apply to any course(s) dealing with family life and sex education offered by the district:

1. Instructional materials to be used in family life/sex education shall be available for inspection by the public during school hours. A public forum shall be scheduled to receive public comments.
2. Parents/guardians of all students shall be notified that such courses have been scheduled and that they may request that their child be exempt from a specific portion of the program on the grounds that is contrary to their religious beliefs.
3. The Board shall approve an exemption procedure. If a student is granted an exemption, an alternative educational assignment shall be arranged.
4. Teachers who provide instruction in family life/sex education shall have professional preparation in the subject area, either at the pre-service or inservice level.
