22-23 AOIT Application

Affiliated with and administered by NAF, the Academy of **Information Technology (AOIT)** is designed to facilitate the transition from high school to more advanced training and eventually a career in the information technology industry.

In a small learning environment, students are introduced to career opportunities in today's digital workforce and equipped with the personal, analytical, technical, and communication skills needed.

Academy students can graduate from high school with 18+ hours of tuition-free community college credit.

Using hands-on activities in their FTCC courses, students gain technology skills that prepare them for industry-recognized certifications

CompTIA A+, Security+ and *Network+ Certifications*. Other certifications available to students: *Excel, IT Fundamentals, Adobe, and NAFTrack*

Participation in work-based learning and community service is rewarding and an important element of the academy's program.
