NC High School to Community College Articulation Agreement

The NC Dept. of Public Instruction and the NC Community College System have a **statewide articulation agreement** in which students may be eligible to receive **college credit** after completion of identified **Career and Technical Education (CTE) courses** in high school. This creates a systematic and seamless process in which students can move from high school to community college without having to duplicate efforts or **repeat courses**.

Criteria to Award Articulation Credit for Community College Classes:

- Grade of **B** or higher in the course, and
- A score of **93** or higher on the standardized CTE Post Assessment

In other words, if you meet the criteria listed above in selected high school classes, they can count toward your community college degree.
