Dear Parent(s), Guardian(s) and Caregiver(s),

With the introduction of the Next Generation Science Standards, assessment of student work has gone through a major transformation as well. Gone are the days where a student's grades are solely based on their ability to memorize and recall scientific facts. In today's science classroom students are engaged in the real work of scientists and engineers, studying phenomena and working collaboratively to make sense of the natural and designed world. Teachers have been working hard to calibrate their expectations of the students' work in the classroom and provide targeted feedback to learners as they develop their skills. We have developed common rubrics that are used by classroom teachers to communicate the expectations for mastery as well as assess student progress. In order to honor the natural progression of learning (moving from learning the skill, to practicing the skill with guidance, to independently practicing the skill) the following guidelines have been developed for assessing each of the science and engineering practices. If you have any questions or concerns, please contact our STEM Instructional Coach for grades K-8, Kit Nielsen nielsenk@bethel.k12.ct.us.

<u>Fall</u>	<u>Winter</u>	<u>Spring</u>
(Student) can meet the expectations with appropriate tools/resources, teacher scaffolds and feedback.	(Student) can meet the expectations with appropriate tools/resources, and teacher feedback.	(Student) can meet the expectations with appropriate tools/resources independently.

Due to the Thanksgiving break, we will not be distributing a newsletter next week. Please remember Wednesday November 22, 2017 is an early dismissal day. There will be no intramural clubs or after school program. Johnson school will dismiss at 12:56pm.

Have a wonderful Thanksgiving with your families.

Principal

Important Reminder!

 SNOWFLAKES WILL SOON BE FLYING!

As the days grow shorter and the weather gets colder, please make sure your child is dressed appropriately. We do continue to go outside for recess (and fresh air! 😊)

Is your child in need of a winter coat? If so, please contact Kate Coffey at coffeyk@bethel.k12.ct.us

WINTER COAT DRIVE

It's getting cold and there are kids in town who need our help!

What is Needed: We are collecting new or gently-worn winter coats, gloves, hats, and scarves!

Dates: November 20, 2017 – December 8, 2017

Drop Off Location: Please drop off all items in the main lobby at Johnson School

*Any items not used within the Bethel Public Schools will be distributed first to the Bethel community

If you have questions, please email the Johnson PTO @ rmtjohnsonpto@gmail.com or Kate Coffey @ coffeyk@bethel.k12.ct.us.

Thank you for supporting Johnson School and the Bethel Community!

Johnson School Holiday Toy Drive

In the spirit of holiday giving, Johnson School will be participating in a Toys For Tots drive. We hope that this project will help build school community as we work together to help those in need.

Here are the details...

The primary mission of the Marine Corps Reserve, Toys for Tots Program, is to collect new, unwrapped toys and distribute them to less fortunate children. Johnson School will be helping our local Reserve Unit to collect toys for children within our area.

Johnson students will receive a paper snowflake for donating a toy. We will write their name on the snowflake and use them to decorate our foyer.

The collection box is located in the front foyer. There will be parent volunteers present to assist the children during collection times.

Toys will be collected from Tuesday, November 28th until Friday, December 8th between 7:40-8:10am

Thank you for your participation!
If you have any questions or would like to help during collection times, please contact us at rmtjohnsonpto@gmail.com

We want your plastic bags!

The plastic film recycling challenge

Every year hundreds of schools across the nation compete against each other to recycle the most plastic film. In addition to providing a better understanding and appreciation for the importance of recycling, Trex will happily donate a high-performance composite bench to the winning school, and bestow honorary awards to every school that participates.

The challenge begins on America Recycles Day, November 15th, and lasts until April 15th. Let's be more than a participant! Let's be a winner!

Bring clean, dry, plastic bags and film packaging to school and place it in the special collection container.

Retail Bags

Produce Bags

Bread Bags

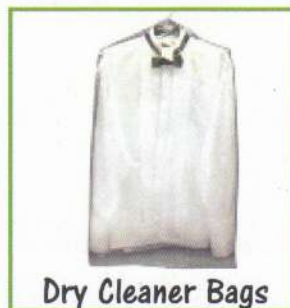

Bubble Wrap

Case Wrap

Packaging Wrap

Dry Cleaner Bags

Ziploc Bags

This is important!
All plastic must be clean, dry and free of food residue.

NO - frozen food bags

NO - prewashed salad mix bags

NO - degradable bags

NO - compostable bags

Important! DO NOT put loose plastic bags in with your household single stream recycling. Plastic bags, also called plastic film, cause machinery to break down at the processing facility. Plastic Film can be recycled at the grocery store or participating retailers if you wish not to participate in this school program.

Berry School

Pre-School Screening

Are you concerned that your child may be experiencing difficulties or delays with talking, play skills, problem solving skills or making their needs known?

If so, you and your child (3-5 years old) are encouraged to participate in a Circle of Friends screening. While meeting the staff to discuss your concerns or ask questions regarding your child's development, your child will take part in informal play activities that include songs and motor activities.

The preschool team includes the Supervisor of Special Education, Preschool Special Education Teachers, Speech/Language Pathologist, Occupational Therapist, Physical Therapist and School Social Worker.

Screening dates for the 2017-2018 school year are
Wednesdays from 10:00-10:45

October 18, 2017
November 29, 2017
January 17, 2018
February 28, 2018
March 28, 2018
April 25, 2018
May 30, 2018

If school is closed because of inclement weather, the pre-school screen will be cancelled.

Pre-registration is appreciated but drop-ins are welcomed.
For more information, please contact Kate Coffey at 203-794-8679.
