

Request January 3, 2022

Good afternoon,

I request the following information from your school district in my capacity as a journalist under Arizona's public records law (A.R.S. § 39-121):

(1) Disciplinary data capturing in-school and out-of-school suspensions, expulsions and transfers (including for irregular attendance or truancy) for the 2017-18, 2018-19, 2019-20, 2020-21 and 2021-22 (to date) academic years.

- **Data should be broken down by demographic subgroups used for state report cards (race/ethnicity, income level, gender, disability, ELL, foster care, homeless, migrant and military) and include reason for disciplinary action.**
- **For suspensions, please include number of days.**

(2) Number of students deemed chronically absent for the same period, also broken down by demographic subgroup.

(3) Number of students deemed truant for the same period, also broken down by demographic subgroup. Please note truancy-related court referrals.

Response to request: 1/18/2022

1. Your request is for discipline data. Our data for discipline includes limited information. The "state report card" you refer to pulls data from multiple sources that include student personal information to compile what you are asking for and we do not have a program to create this format. Below is the information we have from your request.
