

Back to School Night 2022- 2023

Jeffery A. Voyles– CLIMB Program

About ME

Mr. Voyles

Masters: Azusa Pacific University

Bachelors: California Baptist University

Classes: Science; Workability; Life Skills

CEIMB Program

**Connecting Learning,
Independence and
Mindfulness for Broncos**

**Provide a typical high school
schedule to students with
unique academic, social, and
behavioral needs**

**Provide access to rigorous
curriculum that is modified
to meet all students' needs**

Why?

Wider variety of social interactions

Opportunity to practice key social, behavioral and executive functioning skills

Unique teaching styles, experience, and insite provided by each of the three teachers

More individualized instruction and a wider breadth of content

Science Foundations: Unique Learning Systems (Periods 1, 3, 4)

- Explore the **NATURAL WORLD**
- n2y's science courses for intermediate, middle, and high school help students meet the rigor outlined in the Next-Generation Science Standards. Along with standards-based content, teaching resources and supplemental tools support mastery of concepts through state extended standards.
- Biology
- Earth and Space Science
- Environmental Science
- Life Science (Biology)
- Physical Science

A screenshot of the Unique Learning System website interface. The page is titled "Unique Home / Science and Social Studies Courses". It features a search bar and a grid of course cards. Each card includes a title, category, book title, level, grade band, description, and tags. The cards shown are: "Recycling Paper: Saving a Tree" (Earth and Space Science), "First Law of Motion: Apply it to Bowling" (Physical Science), "How Things Move" (Physical Science), "Light From Light Bulbs and The Sun" (Physical Science), "Hurricanes: Wind Effects on Land and People" (Earth and Space Science), and "Traits From Our Parents" (Life Science). The footer indicates "1-6 of 193 results (33 pages total)" and "Copyright © 2021, n2y. All rights reserved. - Terms of Use - System Requirements".

Study Skills/Life Skills (period 5)

"Homeroom"

IEP Goals

Functional
and Life Skills

Social Skills

Community-
Based
Instruction

Access to
visual and
performing
arts

Vocational
tasks and
assessments

Workability (Periods 5 & 7)

Special education is designed to prepare students for life beyond the classroom setting. The teaching of vocational skills is a part of the educational process to prepare the student for real life experiences.

After School Events

There are many school events taking place, check out the high school calendar on the Vista Murrieta webpage.

If you would like your child to attend an event (e.g. sport event, dance, play, music event, etc.) with a chaperone please contact a CLIMB teacher ahead of the event and we will see if we are able to attend that event with your child.

These events usually have limited tickets/seats, so getting ahead of it will help a lot as well as trying to make sure we are able to attend with our schedules.

Parents will still be responsible for paying for their child's ticket as well as transportation to and from the event.

Three points of contact

As you know, we have 3 CLIMB teachers (and a number of amazing aides). We keep one another up-to-date on all of the students in our program. You are welcome to contact any of the three CLIMB teachers with any questions or concerns but know that your child's case manager will handle the IEP. You can also contact teachers through the Parent Portal. Our teachers include:

Mrs. Allen	Mrs. Fung	Mr. Voyles
serneste@murrieta.k12.ca.us x6541	cfung@murrieta.k12.ca.us x6516	jvoyles@murrieta.k12.ca.us x6539

Monday	Tuesday	Wednesday	Thursday	Friday
A/B	A/B	Late Start – A/B	A/B w/ Office Hours	A/B
School day: 8:15-3:15	School day: 8:15- 3:15	School day: 9:15- 3:15	School day: 8:15- 3:15	School day: 8:15- 3:15

This school year started that all the high schools in the district are following. It's kind of confusing but give it a little time and we'll all have it figured out! :) Please follow the calendar provided on the Vista Murrieta High School website to keep track of “A” days, “B” days, late starts, holidays, etc. The days alternate between A and B typically with the occasional rally day, one lunch, finals schedule, etc.

As mentioned in our email to parents the first week of school, we operate 15 minutes ahead of the school start and end times to assist with transitions.

Please let us know if you have any questions, concerns, or need help, we are a **TEAM!**
