Teacher Tip of the Month

by: Mollie Harings, Principal

The month of June is over and with it the mad dash to finish up classes and start summer activities. We as educators tend to focus all of our attention on our children/students continuously. However, it is important that we take time to reenergize and rejuvenate ourselves for the coming year. Things like reading a book you want to read or catching-up with friends you haven't seen in awhile are often suggested. Take a look at the links below for more ideas on how you can refresh yourself and be ready to teach in the coming school year, which is just around the corner.
