Mission - Woodrow Wilson is dedicated to a collaborative student centered learning community that involves all stakeholders to provide every student an engaging and meaningful education that motivates them to reach their full potential and enables them to discover their interests and talents, pursue their goals and dreams, and succeed in college, in the workforce and as productive citizens now and in the future.

Principal's Message

Wow! Who can believe it is June already? Our final days of the 2017 – 18 school year are upon us, and there is so much more to learn! Where does the time go? We have shared another successful year together as a positive learning community. It has been a great year of change and new beginnings with the addition of wonderful new teachers to the Wilson family. Once again, we have received amazing gifts, such as our new Library furniture and the beautiful soft Hollister blankets given to each student for Christmas from our very generous business community partner NEJ. Enjoyable events such as "Ned's Kindness Adventure, Shakesperience "The Jungle Book" performance emphasizing anti-bullying and kindness, the Bubble Man, Bingo, the Scholastic Book fair, March madness, the gathering parade, ESH, 21st century after school, dances, field trips and much more have really enhanced our school year. Our annual PBIS March Madness staff vs student basketball event was extra special this year as the Waterbury Career Academy male and female basketball team joined in on the fun to reinforce the importance of Career and College readiness. Truly it has been a rewarding year to watch each student grow in their own individually unique way with every passing day. Congratulations to our 5th graders, and best of luck in your middle school journey. It is always sad to see you leave, but we trust that our paths may cross again. May your summer be full of blessings -health, safety and plenty of fun in the Sun .

-Ms. Rosser
